11/18/74 - 8:30 A.M.

Congressman Otto

Passman who has been most helpful on the foreign aid appropriation bill talked to me on Saturday night.

He is most interested in rice purchases through the various programs. He says purchases have been minimal.

He would like to have C. Kennedy, I believe of NSC or A/P, call Passman on Monday morning Nov. 18th - please have this done for sure.

If we can cooperate - properly - it is important.
