TO: Gerald Ford, President of the United States of America

We, the undersigned residents of the Tierra Santa and surrounding communities hereby request that you direct the termination of all work toward the development of a correctional facility in our neighborhood. The construction of this prison will mean the loss of a park site and school site to our community. In addition, it will reduce our property values and threaten our security. The establishment of this facility is inconsistent with the community plan and the general plan for our area.

We, the undersigned residents of the Tierra Santa and surrounding communities hereby request that you direct the termination of all work toward the development of a correctional facility in our neighborhood. The construction of this prison will mean the loss of a park site and school site to our community. In addition, it will reduce our property values and threaten our security. The establishment of this facility is inconsistent with the community plan and the general plan for our area.

TO: Gerald Ford, President of the United States of America

We, the undersigned residents of the Tierra Santa and surrounding communities hereby request that you direct the termination of all work toward the development of a correctional facility in our neighborhood. The construction of this prison will mean the loss of a park site and school site to our community. In addition, it will reduce our property values and threaten our security. The establishment of this facility is inconsistent with the community plan and the general plan for our area.

TO: Gerald Ford, President of the United States of America

We, the undersigned residents of the Tierra Santa community of San Diego, hereby request that you direct the termination of all work toward the development of a correctional facility in our neighborhood. The construction of this prison will mean the loss of a park site and school site to our community. In addition, it will reduce our property values and threaten our security.

TO: Gerald Ford, President of the United States of America

We, the undersigned residents of the Tierra Santa and surrounding communities hereby request that you direct the termination of all work toward the development of a correctional facility in our neighborhood. The construction of this prison will mean the loss of a park site and school site to our community. In addition, it will reduce our property values and threaten our security. The establishment of this facility is inconsistent with the community plan and the general plan for our area.

Dear Sir:

Please consider this letter your
authority to add our names
to the petition against location
of the federal prison on the
Terrasanta site.

Yours very truly,

Gordon B. DeMara
