AGRICULTURE

**Only a few years ago approximately 50 percent of our people were
engaged directly in agriculture—as in Russia today. Then, if a farmer
had a series of complete crop failures, on the average it would take
seven years for him to lose his investment in land and other produc-
tion assets.**

JOINT EXPLANATORY STATEMENT OF THE COMMITTEE OF CONFERENCE

The managers on the part of the House and Senate at the conference on the disagreeing votes of the two Houses on the amendments of the Senate to the bill (H.R. 8561) making appropriations for Agriculture and Related Agencies programs for the fiscal year ending June 30, 1976, and for the period ending September 30, 1976, and for other purposes, submit the following joint statement to the House and Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report:

TITLE I—AGRICULTURAL PROGRAMS

DEPARTMENT OF AGRICULTURE

OFFICE OF THE SECRETARY

Amendment No. 1: Appropriates \$2,747,000 for the Office of the Secretary instead of \$2,697,000 as proposed by the House and \$2,797,000 as proposed by the Senate.

The conferees recognize that the trade and the Congress need to be kept up-to-date on world agricultural production and consumption trends, together with developments affecting the trade practices and policies of the various nations of the world. In conducting our international agricultural programs, the Secretary of Agriculture, his Sales Manager, and other Departmental officials must keep uppermost in mind at all times the need to protect the economic well-being of American agriculture which is traditionally dependent upon exports of about one-fourth of its production annually. It is essential, therefore, that information obtained through our Agricultural Attache System and other Departmental units be transmitted to the Sales Manager as a safeguard against pressures which may tend to favor our competitors in international markets.

To meet this need and others, the conferees are in full agreement on the need for a separate and adequately staffed Office of Sales Manager, which shall report directly to the Board of Directors of the Commodity Credit Corporation, including the Secretary of Agriculture and other Departmental officials, and which shall report quarterly to the appropriate Committees of Congress. To the extent that this may involve some degree of duplication with the Foreign Agricultural Service or other parts of the Department which must cooperate fully with the Sales Manager, the conferees feel that the benefit to American agriculture will greatly outweigh any additional cost—which should be minimal, if any at all. The development of a farm program which permits orderly marketing of all U.S. commodities (both commercial and those handled through CCC and Public Law 480) is an essential

objective to which all segments of the Government and the trade should devote their efforts.

Amendment No. 2: Appropriates \$686,000 for the Office of the Secretary for the transition period instead of \$674,000 as proposed by the House and \$699,000 as proposed by the Senate.

DEPARTMENTAL ADMINISTRATION

Amendment No. 3: Earmarks \$4,367,000 for the Office of Communication as proposed by the Senate instead of \$4,373,000 as proposed by the House.

Amendment No. 4: Earmarks \$1,091,000 for the Office of Communication for the transition period as proposed by the Senate instead of \$1,093,000 as proposed by the House.

AGRICULTURAL RESEARCH SERVICE

Amendment No. 5: Appropriates \$255,675,000 for the Agricultural Research Service instead of \$237,960,000 as proposed by the House and \$263,925,000 as proposed by the Senate. The conferees agreed to restore the House reduction of \$3,170,000. In addition, the conferees have agreed to the following increases over the House amount for high priority research items.

As a necessary step toward boll weevil eradication, an increase of \$1,500,000 is provided for the boll weevil laboratory, including provision for the full utilization of the insect rearing facility. Included are funds for research on the tobacco budworm, which is a species of the corn earworm. Recent developments have shown that sterile insects can be produced by crossing the insects with the cherryworm. These funds will help to exploit this and any other breakthroughs. Evidence before the conferees show that additional research is essential if we are to progress to a point where a trial eradication program would be justified.

The conference agreement provides for an increase of \$250,000 for tobacco research to meet current problems and \$5,000,000 for high priority research.

The sum of \$7,570,000 is recommended for the construction of the Appalachian Fruit Research Laboratory. These funds shall be the total available for the development of the station, the land and other facilities necessary for its operation.

The sum of \$225,000 is recommended for the planning of an addition to the Human Nutrition Laboratory at Grand Forks, North Dakota in line with justifications.

The conferees continue to support contract research to improve the utilization and development of cottonseed and sunflower protein.

The Conferees are in agreement with the concern expressed in the House report as to the effect of the new regionalized structure of the Agricultural Research Service on the clarity and adequacy of its budgetary presentations. If the present organizational arrangement is to be continued, the Conferees feel that budgetary support for future appropriation requests should be presented on a regional basis and working-level field staff should attend budgetary hearings in support of their programs.

Amendment No. 6: Earmarks \$10,395,000 for plans, construction and improvement of facilities as proposed by the Senate instead of \$2,600,000 as proposed by the House.

Amendment No. 7: Appropriates \$62,006,000 for the Agricultural Research Service for the transition period instead of \$59,526,000 as proposed by the House and \$64,032,000 as proposed by the Senate.

SCIENTIFIC ACTIVITIES OVERSEAS (SPECIAL FOREIGN CURRENCY PROGRAM)

Amendment No. 8: Appropriates \$7,500,000 for Scientific Activities Overseas instead of \$5,000,000 as proposed by the House and \$10,000,000 as proposed by the Senate.

Amendment No. 9: Appropriates \$1,850,000 for Scientific Activities Overseas during the transition period instead of \$1,250,000 as proposed by the House and \$2,529,000 as proposed by the Senate.

ANIMAL AND PLANT HEALTH INSPECTION SERVICE

Amendment No. 10: Appropriates \$361,075,000 for the Animal and Plant Health Inspection Service instead of \$356,730,000 as proposed by the House and \$364,575,000 as proposed by the Senate.

The conference agreement includes an increase of \$4,345,000 above the amount recommended by the House for additional funds for meat and poultry inspection programs. These additional funds were requested in a budget amendment (S. Doc. 94-81) which was not considered by the House.

The conferees have agreed to defer the Senate increase of \$3,500,000 for the boll weevil trial eradication program until there is a breakthrough on eradication research. The conferees fully recognize the importance of programs to control the boll weevil, however, until such time as various questions regarding the program, such as grower contributions and state enforcement of the program, are answered, the conferees have agreed to defer funding the program.

Amendment No. 11: Appropriates \$99,390,000 for the Animal and Plant Health Inspection Service for the transition period instead of \$98,160,000 as proposed by the House and \$100,265,000 as proposed by the Senate.

The \$1,230,000 above the House amount is one-fourth of the amount requested for additional meat and poultry inspection funds during fiscal year 1976 and was requested in the budget amendment which was not considered by the House.

COOPERATIVE STATE RESEARCH SERVICE

Amendment No. 12: Earmarks \$19,546,000 for contracts and grants for scientific research for the Cooperative State Research Service instead of \$18,546,000 as proposed by the House and \$20,546,000 as proposed by the Senate.

The increase above the amount recommended by the House includes an increase of \$500,000 for contracts and grants for scientific research and an increase of \$500,000 for various high priority research contracts, such as TARO root production in Hawaii, soil erosion in the Pacific Northwest, North Central Regional research project, and the Lone Star Tick.

Amendment No. 13: Appropriates a total of \$114,460,000 for the Cooperative State Research Service instead of \$113,460,000 as proposed by the House and \$115,460,000 as proposed by the Senate.

Amendment No. 14: Earmarks \$4,886,000 for the transition period for contracts and grants for scientific research instead of \$4,636,000 as proposed by the House and \$5,136,000 as proposed by the Senate.

Amendment No. 15: Appropriates a total of \$28,615,000 for the Cooperative State Research Service for the transition period instead of \$28,365,000 as proposed by the House and \$28,865,000 as proposed by the Senate.

EXTENSION SERVICE

Amendment No. 16: Deletes language and \$5,000,000 added by the Senate to provide for payments for forestry extension work under section 3(d) of the Smith-Lever Act.

Amendment No. 17: Technical change. Restores the word "and" deleted by the Senate.

Amendment No. 18: Appropriates a total of \$223,505,000 for the Extension Service as proposed by the House instead of \$228,505,000 as proposed by the Senate.

Amendment No. 19: Deletes funds for the transition period added by the Senate in the amount of \$1,250,000 for forestry extension work under section 3(d) of the Smith-Lever Act.

The conferees take note that a number of our cities, such as New York, Chicago and Los Angeles, and other major metropolitan areas do not have a sufficient number of local representatives of the Extension Service to promote and assist the people of such cities and others in urban gardening. In such areas the Extension Service is directed to make use of the Nutrition Aides program, those engaged in 4-H related work, other USDA personnel, and volunteers and other local service organizations, to the extent available to promote home gardening in such areas and to provide such information as is needed for such ventures.

Both the House and Senate version of the bill stress the need to expand efforts in providing assistance to the small or part-time farmer, and the conferees wish to make it clear that this includes the urban gardener as well. The sum of \$2,000,000 has been added to this bill to meet these and related needs.

In addition, the conferees will expect the Office of Communication to notify all Members of Congress as to what pamphlets or other information are available on gardening.

The conferees deleted \$5,000,000 proposed by the Senate for a Forestry Extension Program in the Extension Service under section 3(d) of the Smith-Lever Act. Assistance to small woodland owners is available under the Forestry Incentives Program and through the Cooperative Forest Management Program of the Forest Service. The conferees recognize the value of a Forestry Extension Program to help small woodland owners and others to more efficiently and effectively utilize private, non-industrial forest lands, fiber and wildlife values. The conferees, therefore, direct the Extension Service to evaluate its ongoing activities in this regard and to make recommendations to the Appropriations Committees of the House and Senate.

Amendment No. 20: Technical change. Restores the word "and" deleted by the Senate.

Amendment No. 21: Appropriates a total of \$56,095,000 for the transition period for the Extension Service as proposed by the House instead of \$57,345,000 as proposed by the Senate.

STATISTICAL REPORTING SERVICE

Amendment No. 22: Appropriates \$30,043,000 for the Statistical Reporting Service instead of \$28,766,000 as proposed by the House and \$31,369,000 as proposed by the Senate.

The conferees have agreed to increases over the House amount of \$52,000 to maintain the Alaska office of the Statistical Reporting Service and \$1,225,000 for list sampling frame development and maintenance. The conferees are also in agreement that the steer and heifer report should not be terminated and that sufficient funds are available within the total appropriation to continue to prepare and distribute this report.

Amendment No. 23: Appropriates \$7,509,000 for the transition period for the Statistical Reporting Service instead of \$7,190,000 as proposed by the House and \$7,840,000 as proposed by the Senate.

ECONOMIC RESEARCH SERVICE

Amendment No. 24: Appropriates \$24,897,000 for the Economic Research Service instead of \$24,567,000 as proposed by the House and \$25,397,000 as proposed by the Senate.

The conference agreement includes an increase of \$330,000 over the amount approved by the House for the annual economic survey of agriculture.

Amendment No. 25: Appropriates \$6,224,000 for the transition period for the Economic Research Service instead of \$6,142,000 as proposed by the House and \$6,349,000 as proposed by the Senate.

AGRICULTURAL MARKETING SERVICE

Marketing Services

Amendment No. 26: Restores language deleted by the Senate which provides for the administration and coordination of payments to states.

Amendment No. 27: Appropriates \$47,055,000 for Marketing Services as proposed by the Senate instead of \$42,055,000 as proposed by the House.

The \$5,000,000 increase above the House amount is for additional supervisory grain inspectors in order to improve and strengthen existing inspection procedures. Because of the many problems with grain inspection, the conferees will expect the Department to prepare a detailed report as to how these additional inspectors will be utilized to improve grain inspection procedures throughout the country and to submit such a report to the appropriate committees of the Congress.

The conferees agree that the Inspector General of USDA should make a quarterly review of the performance of these additional supervisory inspectors. To accomplish this, not less than \$100,000 of the

increase shall be transferred, under the Department's transfer authority, to enable the Inspector General to assume this additional responsibility.

Amendment No. 28: Restores language deleted by the Senate which provides for the administration and coordination of payments to states during the transition period.

Amendment No. 29: Appropriates \$12,892,000 for the transition period for Marketing Services as proposed by the Senate instead of \$11,642,000 as proposed by the House.

Payments to States and Possessions

Amendment No. 30: Restores language deleted by the Senate which provides for Payments to States and Possessions under the Agricultural Marketing Act of 1946 in the amount of \$1,600,000 for fiscal year 1976 and \$400,000 for the transition period.

DAIRY AND BEEKEEPER INDEMNITY PROGRAMS

Amendment No. 31: Appropriates \$6,650,000 for the Dairy and Beekeeper Indemnity Programs as proposed by the Senate instead of \$3,350,000 as proposed by the House.

The Senate increase of \$3,300,000 is the full amount of the budget amendment (S. Doc. 94-81) which was not considered by the House.

TITLE II—RURAL DEVELOPMENT AND ASSISTANCE

RURAL DEVELOPMENT AND PROTECTION

FARMERS HOME ADMINISTRATION

Rural Housing Insurance Fund

Amendment No. 32: Deletes language added by the Senate in connection with the rural rental assistance program which specified that not less than \$6,000,000 would be available for the program since both the House and Senate bills provide that such amounts as may be necessary are available to carry out this program.

The conferees will expect this program to be carried out so that residents of towns or cities of under 20,000 in population will receive comparable treatment to those who reside in our major metropolitan areas.

AGRICULTURAL CREDIT INSURANCE FUND

Amendment No. 33: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate. The conference agreement provides \$520,000,000 for real estate loans instead of \$595,000,000 as proposed by the House and \$550,000,000 as proposed by the Senate.

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

Amendment No. 34: Earmarks \$450,000,000 for farm ownership loans instead of \$350,000,000 as proposed by the House and \$480,000,000 as proposed by the Senate.

Amendment No. 35: Earmarks \$54,000,000 for loans for water development, use, and conservation as proposed by the Senate instead of \$229,000,000 as proposed by the House.

The conferees have carefully reviewed the information available with respect to the requirements by farmers for loans to comply with various pollution abatement regulations. Where the requirements for pollution abatement are required in order merely to comply with state regulations, the Department should review the matter to see if this should be a joint responsibility of the State and the Federal Government.

Amendment No. 36: Earmarks \$130,500,000 for the transition period for real estate loans instead of \$117,500,000 proposed by the House and \$137,500,000 as proposed by the Senate.

Amendment No. 37: Earmarks \$112,500,000 for the transition period for farm ownership loans instead of \$87,500,000 as proposed by the House and \$120,000,000 as proposed by the Senate.

Amendment No. 38: Earmarks \$13,500,000 for the transition period for water development, use, and conservation loans as proposed by the Senate instead of \$26,000,000 as proposed by the House.

Rural Housing for Domestic Farm Labor

Amendment No. 39: Appropriates \$7,500,000 for Rural Housing for Domestic Farm Labor instead of \$6,000,000 as proposed by the House and \$9,750,000 as proposed by the Senate.

Amendment No. 40: Appropriates \$1,875,000 for the transition period for Rural Housing for Domestic Farm Labor instead of \$1,500,000 as proposed by the House and \$2,500,000 as proposed by the Senate.

Rural Development Insurance Fund

Amendment No. 41: Provides \$350,000,000 for industrial development loans as proposed by the Senate instead of \$300,000,000 as proposed by the House.

The conferees have some reservations as to whether or not these loans are being used in strict accord with Congressional intent. These loans are for the purpose of improving, developing, or financing business, industry, and employment, or improving the economic and environmental climate in rural areas. In view of the stated purpose of these loans, the conferees will expect the Administrator to advise in writing both the House and Senate Appropriations Committees of each loan made and the benefits to be derived from each such loan in excess of \$200,000.

Amendment No. 42: Provides \$87,500,000 for industrial development loans for the transition period as proposed by the Senate instead of \$75,000,000 as proposed by the House.

Salaries and Expenses

Amendment No. 43: Appropriates \$155,102,000 for Salaries and Expenses for the Farmers Home Administration as proposed by the Senate instead of \$150,102,000 as proposed by the House.

Rural Development Grants

Amendment No. 44: Appropriates \$11,875,000 for Rural Development Grants instead of \$10,000,000 as proposed by the House and \$13,750,000 as proposed by the Senate.

Amendment No. 45: Appropriates \$2,969,000 for Rural Development Grants for the transition period instead of \$2,500,000 as proposed by the House and \$3,437,500 as proposed by the Senate.

RURAL ELECTRIFICATION ADMINISTRATION

The conferees agree that for the rural telephone program not less than \$70,000,000 of the funds available shall be made available for 2 percent loans, the same level as maintained in fiscal 1975.

CONSERVATION

SOIL CONSERVATION SERVICE

Conservation Operations

Amendment No. 46: Appropriates \$206,057,000 for Conservation Operations as proposed by the Senate instead of \$201,057,000 as proposed by the House.

The \$5,000,000 increase above the House amount is to accelerate soil survey work primarily in the western areas of the United States and in the State of Alaska.

Amendment No. 47: Appropriates \$51,521,000 for Conservation Operations during the transition period as proposed by the Senate instead of \$50,271,000 as proposed by the House.

WATERSHED AND FLOOD PREVENTION OPERATIONS

Amendment No. 48: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment. The conference agreement provides \$26,577,000 for emergency measures for runoff retardation and soil-erosion prevention instead of \$31,677,000 as proposed by the Senate.

The conferees agree that not to exceed the following amounts shall be provided for each item:

Mississippi River and tributaries, spring 1975 flood	\$12,077,000
Idaho storm of 1974	204,000
Oregon storm of January 1976	825,000
New Jersey storm of December 1974	340,000
North Dakota-Minnesota summer storm of 1975	6,500,000
Montana flood	6,631,000
Total	26,577,000

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

AGRICULTURAL STABILIZATION AND CONSERVATION SERVICE

Agricultural Conservation Program

Amendment No. 49: Technical change. Corrects House language regarding contracts to be liquidated.

Amendment No. 50: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate. The Senate amendment is a technical change.

Amendments Nos. 51 and 52: Technical changes. Correct House language regarding contracts to be liquidated.

Amendments Nos. 53 and 54: Provide \$175,000,000 for the Agricultural Conservation Programs as proposed by the Senate instead of \$190,000,000, of which \$15,000,000 was for the Forestry Incentives Program as proposed by the House. The \$15,000,000 for the Forestry Incentives Program is provided under Amendment No. 57.

Amendment No. 55: Deletes language proposed by the Senate regarding the type of conservation practices to be carried out. However, this does not preclude local county committees from selecting additional practices.

Amendment No. 56: Deletes language proposed by the Senate regarding the type of information that may be collected from program participants.

Amendment No. 57: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate. The conference agreement provides for the Forestry Incentives Program as a separate line item appropriation, as proposed by the Senate, instead of including it under the Agricultural Conservation Program as proposed by the House.

TITLE III—DOMESTIC FOOD PROGRAMS

FOOD AND NUTRITION SERVICE

CHILD NUTRITION PROGRAMS

Amendment No. 58: Provides \$1,337,391,000 for the Child Nutrition Programs as proposed by the Senate instead of \$1,412,091,000 as proposed by the House.

Amendment No. 59: Earmarks \$20,650,000 for the non-food assistance program instead of \$18,000,000 as proposed by the House and \$23,300,000 as proposed by the Senate.

Amendment No. 60: Earmarks \$4,600,000 for state administrative expenses instead of \$4,300,000 as proposed by the House and \$4,900,000 as proposed by the Senate.

SPECIAL SUPPLEMENTAL FOOD PROGRAM (WIC)

Amendment No. 61: Deletes language proposed by the House which would have funded the Commodity Supplemental Food Program out of the WIC program.

Amendment No. 62: Restores portion of U.S. Code citation as proposed by the House.

Amendment No. 63: Appropriates \$17,839,000 for the Food Donations Program as proposed by the Senate instead of \$5,839,000 as proposed by the House.

Amendment No. 64: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate. The conference agreement provides \$12,000,000 for the "Commodity Supplemental Food Program" under

the "Food Donations Program," as proposed by the Senate, instead of \$11,000,000 for that program under the "Special Supplemental Food Program," as proposed by the House.

Amendment No. 65: Appropriates \$4,460,000 for the Food Donations Program for the transition period as proposed by the Senate instead of \$1,460,000 as proposed by the House.

FOOD STAMP PROGRAM

The conferees are extremely concerned about the increasing reports of widespread irregularities and abuses in the Food Stamp Program, resulting in greatly increased costs. Unless this situation is corrected it could jeopardize the program. This cannot be allowed to happen since food assistance to the truly needy is an accepted responsibility. Numerous suggestions have been made in years past in an effort to more properly supervise handling of the program.

Under current regulations of the Department of Agriculture, the recipient, upon receipt of the coupons, must sign his name on the inside cover of the coupon book. Such a procedure aids in the recovery of lost or stolen coupons, and the Department should do everything possible to see that this regulation is faithfully complied with at the local welfare or other issuing offices.

This regulation does not protect the program, however, from various abuses such as black marketing, theft, and other improper uses. The conferees are of the opinion that many of these problems could be solved by the adoption of a similar regulation requiring recipients to countersign each coupon at the time of surrender for goods purchased in the presence of a responsible employee, of the establishment where food is purchased with such coupons, and such employee should initial such stamps as being signed in his or her presence.

This should be no more work for the local store than someone cashing a personal check, and there should be no additional administrative cost to the local or Federal governments. If properly enforced, such a requirement would help to prevent the black market and related abuses which appear to exist. It would make lost or stolen coupons more difficult to use and would aid in prosecution since forgery would be involved and appropriate penalties could be established for use or acceptance without following in full the regulations.

Therefore, the conferees strongly recommend that the Department adopt some such regulation to provide added protection for both the legitimate recipient and the Federal Government. The Department is also requested to consult with the appropriate Committees of the Congress on this proposal and other means of tightening-up the administration of the program so as to preserve it for those who have a real need for such assistance.

TITLE IV—INTERNATIONAL PROGRAMS

FOREIGN AGRICULTURAL SERVICE

Amendment No. 66. Appropriates \$37,071,000 for the Foreign Agricultural Service instead of \$35,821,000 as proposed by the House and \$38,321,000 as proposed by the Senate.

The increases over the House amount include: \$1,000,000 for cooperative foreign market development activities, and \$250,000 for agricultural attaches for the People's Republic of China and for Egypt.

Amendment No. 67. Appropriates \$9,283,000 for the Foreign Agricultural Service for the transition period instead of \$8,973,000 as proposed by the House and \$9,598,000 as proposed by the Senate.

PUBLIC LAW 480

Amendments Nos. 68 and 69. Delete language proposed by the Senate relating to both fiscal year 1976 and the transition period which provides that not more than 20 percent of the Public Law 480 funds appropriated under Title I shall be made available to countries other than those which are most seriously affected by current food shortages, unless the President demonstrates to appropriate committees of the Congress that the use of such food assistance is solely for humanitarian purposes.

TITLE VI—GENERAL PROVISIONS

Amendment No. 70. Deletes language proposed by the Senate relating to GSA space costs.

Amendment No. 71. Restores House language relating to the amount of compensation that may be paid to officers and employees of Cotton, Inc. or other such contractual agencies.

Amendment No. 72: Restores limitation proposed by the House on the Working Capital Fund of the Department of Agriculture.

The Conferees recognize the need to protect the program funds provided by direct appropriation to the various agencies of the Department from undue assessment for certain centralized administrative and management functions funded by the Working Capital Fund. They concur in the principle of limiting the size of such fund, as is done for other items in this bill, either by the imposition of a specific limitation or the establishment of a separate paragraph subject to annual congressional review and approval.

The conferees are in agreement that the Department must not take any action with respect to computer procurements without first obtaining the approval of both the House and Senate Appropriations Committees.

Amendment No. 73: Restores the section number proposed by the House.

Amendment No. 74: Deletes language proposed by the Senate which would have made funds appropriated for the Dairy and Beekeeper Indemnity Programs and the Rural Development Grants available until expended.

Amendment No. 75: Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment. The conference agreement changes the section number from 611 to 612 and provides that no part of any appropriation contained in the Act shall remain available for obligation beyond the current fiscal year unless expressly so provided therein, except as provided in section 204 of the Supplemental Appropriation Act, 1975 (Public Law 93-554).

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

Ninety-fourth Congress of the United States of America

AT THE FIRST SESSION

*Begun and held at the City of Washington on Tuesday, the fourteenth day of January,
one thousand nine hundred and seventy-five*

An Act

Making appropriations for Agriculture and Related Agencies programs for the fiscal year ending June 30, 1976, and the period ending September 30, 1976, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the following sums are appropriated, out of any money in the Treasury not otherwise appropriated, for Agriculture and Related Agencies programs for the fiscal year ending June 30, 1976, and the period ending September 30, 1976, and for other purposes; namely:

TITLE I—AGRICULTURAL PROGRAMS

PRODUCTION, PROCESSING AND MARKETING

OFFICE OF THE SECRETARY

For necessary expenses of the Office of the Secretary of Agriculture, including not to exceed \$5,000 for employment under 5 U.S.C. 3109, \$2,747,000: *Provided*, That this appropriation shall be reimbursed from applicable appropriations in this Act for travel expenses incident to the holding of hearings as required by 5 U.S.C. 551-558: *Provided further*, That not to exceed \$4,000 of this amount shall be available for official reception and representation expenses, not otherwise provided for, as determined by the Secretary.

For "Office of the Secretary" for the period July 1, 1976, through September 30, 1976, including not to exceed \$1,250 for employment under 5 U.S.C. 3109, \$686,000: *Provided*, That this appropriation shall be reimbursed from applicable appropriations in this Act for travel expenses incident to the holding of hearings as required by 5 U.S.C. 551-558: *Provided further*, That not to exceed \$1,000 of this amount shall be available for official reception and representation expenses, not otherwise provided for, as determined by the Secretary.

DEPARTMENTAL ADMINISTRATION

For necessary expenses for "Departmental Administration", including the dissemination of agricultural information and the coordination of informational work and programs authorized by Congress in the Department, management support services to selected agencies and offices of the Department of Agriculture, and for general administration of the Department of Agriculture, repairs and alterations, and other miscellaneous supplies and expenses not otherwise provided for and necessary for the practical and efficient work of the Department of Agriculture, and not to exceed \$35,000 for employment under 5 U.S.C. 3109, \$15,629,000, of which \$4,367,000 shall be available for the Office of Communication and, of which total appropriation not to exceed \$1,071,000 may be used for farmers' bulletins, which hereafter shall be adapted to the interests of the people of the different sections of the country, an equal proportion of four-fifths of which shall be available to be delivered to or sent out under the addressed franks fur-

nished by the Senators, Representatives, and Delegates in Congress, as they shall direct (7 U.S.C. 417), and not less than two hundred thirty-two thousand two hundred and fifty copies for the use of the Senate and House of Representatives of part 2 of the annual report of the Secretary (known as the Yearbook of Agriculture) as authorized by 44 U.S.C. 1301: *Provided*, That in the preparation of motion pictures or exhibits by the Department, this appropriation shall be available for employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225).

For "Departmental Administration" for the period July 1, 1976, through September 30, 1976, including not to exceed \$8,750 for employment under 5 U.S.C. 3109, \$3,907,000, of which \$1,091,000 shall be available for the Office of Communication and, of which total appropriation not to exceed \$268,000 may be used for farmers' bulletins, which hereafter shall be adapted to the interests of the people of the different sections of the country, an equal proportion of four-fifths of which shall be available to be delivered to or sent out under the addressed franks furnished by the Senators, Representatives, and Delegates in Congress, as they shall direct (7 U.S.C. 417): *Provided*, That in the preparation of motion pictures or exhibits by the Department, this appropriation shall be available for employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225).

OFFICE OF THE INSPECTOR GENERAL

For necessary expenses of the Office of the Inspector General, including employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed \$10,000, for employment under 5 U.S.C. 3109, \$16,455,000 and in addition, \$6,094,000 shall be derived by transfer from the appropriation, "Food Stamp Program" and merged with this appropriation.

For "Office of the Inspector General" for the period July 1, 1976, through September 30, 1976, including not to exceed \$2,500, for employment under 5 U.S.C. 3109, \$4,114,000, and in addition \$1,524,000 shall be derived by transfer from the appropriation, "Food Stamp Program" and merged with this appropriation.

OFFICE OF THE GENERAL COUNSEL

For necessary expenses, including payment of fees or dues for the use of law libraries by attorneys in the field service, \$8,247,000.

For "Office of the General Counsel" for the period July 1, 1976, through September 30, 1976, \$2,062,000.

AGRICULTURAL RESEARCH SERVICE

For expenses necessary to enable the Agricultural Research Service to perform agricultural research and demonstrations relating to production, utilization, marketing, and distribution (not otherwise provided for), home economics or nutrition and consumer use, and for acquisition of lands by donation, exchange, or purchase at a nominal cost not to exceed \$100; \$255,675,000: *Provided*, That appropriations hereunder shall be available for field employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed \$75,000 shall be available for employment under 5 U.S.C. 3109: *Provided further*, That appropriations hereunder shall be available for the operation and maintenance of aircraft

and the purchase of not to exceed one for replacement only and for the acquisition without cost of not to exceed one to be obtained by transfer: *Provided further*, That of the appropriations hereunder, not less than \$10,526,600 shall be available to conduct marketing research: *Provided further*, That appropriations hereunder shall be available pursuant to 7 U.S.C. 2250, for the construction, alteration, and repair of buildings and improvements, but unless otherwise provided, the cost of constructing any one building (except headhouses connecting greenhouses) shall not exceed \$50,000, except for six buildings to be constructed or improved at a cost not to exceed \$100,000 each, and the cost of altering any one building during the fiscal year shall not exceed \$18,000, or 18.6 per centum of the cost of the building, whichever is greater: *Provided further*, That the limitations on alterations contained in this Act shall not apply to a total of \$100,000 for facilities at Beltsville, Maryland: *Provided further*, That \$10,395,000 of this appropriation shall remain available until expended for plans, construction and improvement of facilities without regard to the foregoing limitations: *Provided further*, That the foregoing limitations shall not apply to replacement of buildings needed to carry out the Act of April 24, 1948 (21 U.S.C. 113a).

Special fund: To provide for additional labor, subprofessional, and junior scientific help to be employed under contracts and cooperative agreements to strengthen the work at research installations in the field, not more than \$2,000,000 of the amount appropriated under this head for the previous fiscal year may be used by the Administrator of the Agricultural Research Service in departmental research programs in the current fiscal year, the amount so used to be transferred to and merged with the appropriation otherwise available under "Agricultural Research Service".

For "Agricultural Research Service" for the period July 1, 1976, through September 30, 1976, \$62,006,000: *Provided*, That appropriations hereunder shall be available for field employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed \$18,000 shall be available for employment under 5 U.S.C. 3109: *Provided further*, That appropriations hereunder shall be available for the operation and maintenance of aircraft: *Provided further*, That of the appropriations hereunder, not less than \$2,631,000 shall be available to conduct marketing research: *Provided further*, That appropriations hereunder shall be available pursuant to 7 U.S.C. 2250, for the construction, alteration, and repair of buildings and improvements, but unless otherwise provided, the cost of constructing any one building (except headhouses connecting greenhouses) shall not exceed \$50,000, except for one building to be constructed or improved at a cost not to exceed \$100,000, and the cost of altering any one building during the year shall not exceed \$18,000 or 18.6 per centum of the cost of the building, whichever is greater: *Provided further*, That the limitations on alterations contained in this Act shall not apply to a total of \$25,000 for facilities at Beltsville, Maryland: *Provided further*, That the foregoing limitations shall not apply to replacement of buildings needed to carry out the Act of April 24, 1948 (21 U.S.C. 113a).

SCIENTIFIC ACTIVITIES OVERSEAS (SPECIAL FOREIGN CURRENCY PROGRAM)

For payments in foreign currencies owed to or owned by the United States for market development research authorized by section 104 (b) (1) and for agricultural and forestry research and other functions related thereto authorized by section 104(b) (3) of the Agricultural

Trade Development and Assistance Act of 1954, as amended (7 U.S.C. 1704(b) (1), (3)), \$7,500,000: *Provided*, That this appropriation shall be available, in addition to other appropriations for these purposes, for payments in the foregoing currencies: *Provided further*, That funds appropriated herein shall be used for payments in such foreign currencies as the Department determines are needed and can be used most effectively to carry out the purposes of this paragraph: *Provided further*, That not to exceed \$25,000 of this appropriation shall be available for payments in foreign currencies for expenses of employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), as amended by 5 U.S.C. 3109.

For "Scientific Activities Overseas (special foreign currency program)," for the period July 1, 1976, through September 30, 1976, \$1,850,000: *Provided*, That this appropriation shall be available, in addition to other appropriations for these purposes, for payments in the foregoing currencies: *Provided further*, That funds appropriated herein shall be used for payments in such foreign currencies as the Department determines are needed and can be used most effectively to carry out the purposes of this paragraph: *Provided further*, That not to exceed \$6,000 of this appropriation shall be available for payments in foreign currencies for expenses of employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), as amended by 5 U.S.C. 3109.

ANIMAL AND PLANT HEALTH INSPECTION SERVICE

For expenses, not otherwise provided for, including those pursuant to the Act of February 28, 1947, as amended (21 U.S.C. 114b-c) necessary to prevent, control, and eradicate pests and plant and animal diseases; to carry out inspection, quarantine, and regulatory activities; to carry on services related to consumer protection; and to protect the environment, as authorized by law, \$361,075,000, of which \$2,500,000 shall be apportioned for use pursuant to section 3679 of the Revised Statutes, as amended, for the control of outbreaks of insects, plant diseases and animal diseases to the extent necessary to meet emergency conditions and \$2,550,000 shall be for repayment to the Commodity Credit Corporation of advances (and interest thereon) made in accordance with authorities contained in the provisions of the appropriation items for the Animal and Plant Health Inspection Service in the Agriculture-Environmental and Consumer Protection Appropriation Act, 1974: *Provided*, That \$1,000,000 of the funds for control of the fire ant shall be placed in reserve for matching purposes with States which may come into the program: *Provided further*, That no funds shall be used to formulate or administer a brucellosis eradication program for the current fiscal year that does not require minimum matching by any State of at least 40 per centum: *Provided further*, That this appropriation shall be available for field employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed \$60,000 shall be available for employment under 5 U.S.C. 3109: *Provided further*, That this appropriation shall be available for the operation and maintenance of aircraft and the purchase of not to exceed four, of which two shall be for replacement only: *Provided further*, That this appropriation shall be available pursuant to 7 U.S.C. 2250 for the construction, alteration, and repair of buildings and improvements, but unless otherwise provided, the cost of constructing any one building (except headhouses connecting greenhouses) shall not exceed \$40,000, except for one building to be constructed or improved at a cost of not to exceed \$90,000,

H. R. 8561—5

and the cost of altering any one building during the fiscal year shall not exceed \$15,000, or 15 per centum of the cost of the building, whichever is greater: *Provided further*, That this appropriation shall be available for acquisition of lands by donation, exchange, or purchase at a nominal cost not to exceed \$100: *Provided further*, That, in addition, in emergencies which threaten the livestock or poultry industries of the country, the Secretary may transfer from other appropriations or funds available to the agencies or corporations of the Department such sums as he may deem necessary, to be available only in such emergencies for the arrest and eradication of foot-and-mouth disease, rinderpest, contagious pleuropneumonia, or other contagious or infectious diseases of animals, or European fowl pest and similar diseases in poultry, and for expenses in accordance with the Act of February 28, 1947, as amended, and any unexpended balances of funds transferred for such emergency purposes in the next preceding fiscal year shall be merged with such transferred amounts.

For "Animal and Plant Health Inspection Service" for the period July 1, 1976, through September 30, 1976, \$99,390,000 of which \$1,000,000 shall be apportioned for use pursuant to section 3679 of the Revised Statutes, as amended, for the control of outbreaks of insects, plant diseases and animal diseases to the extent necessary to meet emergency conditions: *Provided*, That no funds shall be used to formulate or administer a brucellosis eradication program for this period that does not require minimum matching by any State of at least 40 per centum: *Provided further*, That this appropriation shall be available for field employment pursuant to the second sentence of section 706(a) of the Organic Act of 1944 (7 U.S.C. 2225), and not to exceed \$15,000 shall be available for employment under 5 U.S.C. 3109: *Provided further*, That this appropriation shall be available for the operation and maintenance of aircraft: *Provided further*, That this appropriation shall be available pursuant to 7 U.S.C. 2250 for the construction, alteration, and repair of buildings and improvements, but unless otherwise provided, the cost of constructing any one building (except headhouses connecting greenhouses) shall not exceed \$40,000, and the cost of altering any one building during this period shall not exceed \$15,000, or 15 per centum of the cost of the building, whichever is greater: *Provided further*, That this appropriation shall be available for acquisition of lands, by donation, exchange, or purchase at a nominal cost not to exceed \$100: *Provided further*, That, in addition, in emergencies which threaten the livestock or poultry industries of the country, the Secretary may transfer from other appropriations or funds available to the agencies or corporations of the Department such sums as he may deem necessary, to be available only in such emergencies for the arrest and eradication of foot-and-mouth disease, rinderpest, contagious pleuropneumonia, or other contagious or infectious diseases of animals, or European fowl pests and similar diseases in poultry, and for expenses in accordance with the Act of February 28, 1947, as amended, and any unexpended balances of funds transferred for such emergency purposes in the next preceding fiscal year shall be merged with such transferred amounts.

COOPERATIVE STATE RESEARCH SERVICE

For payments to agricultural experiment stations, for grants for cooperative forestry and other research, for facilities, and for other expenses, including \$84,934,000 to carry into effect the provisions of the Hatch Act, approved March 2, 1887, as amended by the Act approved August 11, 1955 (7 U.S.C. 361a-361i), and further amended
