January 31, 1975

Dear Mr. Alm:

I want to take this opportunity to thank you for your outstanding contribution to the national energy policies and programs I announced in my State of the Union message.

Dealing with any problem as important and complex as energy requires many people, but your efforts in particular played a key role in formulating the program and presenting it to the American people.

I need not tell you how critical it is for our country to set out in this new direction, and I know I can count on your continued help in making our energy goals a reality.

Warmest personal regards.

Sincerely,

JERRY FORD

The Honorable Alvin L. Alm
Assistant Administrator
Environmental Protection Agency
Washington, D. C.
