MEMORANDUM FOR:

JACK MARSH

FROM:

TED MARRS

Attached is a copy of the application received by the National Capital Parks Service from the People's Bicentennial Commission for a public gathering on July 4, 1976 in the area of 1st to 7th Streets, NW on the Mall from 10:00 AM to 6:00 PM.

This is the group headed by Jeremy Rifkin. They have taken issue with the manner in which Bicentennial is being celebrated, have talked about the transfer of control of the large corporations to the workers and insist that their purposes are to carry out the doctrines of our founding father which they maintain we have not accomplished. This is the same group that camped out at Concord Bridge, Massachusetts on April 17-18, 1975 and attempted to disrupt the President's appearance there.

I'm forwarding this for your information and not recommending any intervention with the National Capital Parks Service where the responsibility exists for the receipt of the request and subsequent action. Certainly, any group has the right of peaceful assembly. However, in the event of a non-peaceful activity, I think the nation has the right that there be adequate enforcement of the laws that apply.

What does that mean to the average, or the employee who would be taxed the most? It is less than \$1.00 a week, less than \$52.00 a year, I think it comes out to \$49.00 a year. That is one answer.

The other answer is, well, we can increase the earning base. It is now \$15,400. As I recollect, some people want to raise that to some \$25,000 or \$30,000. Another one is the suggestion that you have made, to take it out of the general fund, to destroy the concept that people on Social Security earn it and have a right to a payment out of it. I disagree with that approach.

I think you can take one of the two other approaches. The one I recommended is the better, but let me answer the question of regressivity. You argue that under my approach it is regressive in its tax method. That is partially true as to the taxation, but let's turn the coin over. When the people start to get the benefits, the people in the lower income area get the most benefits so they pay less, but they get more, so it balances out in the end, and for that reason I recommended the approach that I did. I think it is an honest and a sound approach.

QUESTION: Mr, President, my question is that the People's Bicentennial Commission has come out with a platform on economic democracy and I was wondering what your opinion is of economic democracy?

THE PRESIDENT: What is my opinion of economic democracy? I must confess I have not read what the Bicentennial Commission has used in its definition, but I would say that economic democracy means that we have an opportunity in our economic system for an individual to make his way up the ladder on the economic scale. He is not frozen forever once he starts into a certain area of employemnt. He has the right to move around the country, to move from one job to another, to determine for himself what he, as an individual, is best at and wants to do. the years of his employment throughout the country.

From the point of view of the business community, economic democracy to me means that the business community is not run by the Government. The business community is run for the benefit of its stockholders, its employees and for the public as a whole, and that the heavy hand of Government does not run it, and if we can get the freedom of the individual and the freedom of the industrial sector, we can keep what I like to believe is the greatest economic system in the history of mankind.

# JEFF KANE

National Chairman, Young Americans For Freedom

Dear Fellow American:

Were you there when they threw eggs at Ronald Reagan?

When the radicals decided that a presidential candidate should be denied his God-given right to speak?

I'm almost glad you weren't because I think you would have reacted with total disgust. I certainly know that's how I felt.

Before I relate to you some of the beliefs and activities of the group described above (called the Peoples Bicentennial Commission), I must assure you that there is a young organization that isn't going to stand for this--Young Americans for Freedom.

YAF has been around for fifteen years spreading its message about the importance of free enterprise and free citizens. And these young patriots don't like what's being spread by the Peoples Bicentennial Commission (PBC).

According to Jeremy Rifkin, founder and chief planner of the PBC, "what's needed is a complete restructuring of the economy." YAF knows that this restructuring is called socialism and would just like to see America's economy left alone for a change so it can work in the natural way that our founding fathers intended.

Rifkin and his obedient band of followers intend to flood our nation's capital with over 250,000 misdirected individuals to disrupt our bicentennial celebration in July.

Apparently practicing for this exercise in anarchy, thousands of young radicals shouted down a presidential address at Concord which was observing the beginning of the American Revolution for liberty.

Thousands of school librarians, teachers, and PTA presidents have been hoodwinked by high sounding rhetoric into accepting PBC propaganda which is now poisoning our children's minds every single school day.

And, of course, there was the carefully plotted egg throwing incident as Ronald Reagan was speaking in Oshkosh, Wisconsin.

Thousands of members of Young Americans for Freedom share my disgust at these facts.

And these young citizens have asked me to write you on their behalf. Their hopes and dreams for combating Jeremy Rifkin's outfit are fairly modest, but proudly American.

Ronald Reagan is an outstanding American leader whom YAF is proud to have on its national advisory board. The principles that he champions are the correct solutions to many of the problems facing our nation.

In fact, many members of Young Americans for Freedom are working on their own, as volunteers for Ronald Reagan. Some may be working in your town--certainly many are hard at work in your state.

A few of the vital activities YAF members will be involved in this spring, summer, and fall are:

- canvassing neighborhoods and college dormitories to get out conservative volunteers and conservative voters;
- 2. maintaining telephone banks to ensure maximum conservative registration and voting;
- 3. serving as youth coordinators for conservative candidates in many of the most significant states;
- 4. getting conservative literature into the hands of many thousands of undecided voters.

To these young citizens, the principles championed by Ronald Reagan must prevail. The PBC crowd and its socialism and selfishness must not prevail. You, I. and Young Americans for Freedom can do a lot today toward keeping America free tomorrow.

Your support will enable YAF to educate even more young people on the virtues of limited government and the free market economy. YAFers will also receive necessary training in campaign organization.

And you'll be helping YAF counter the sickening activities of the Peoples Bicentennial Commission. With your assistance, YAF can expose this organization for what it is—an enemy of the free enterprise system and all that this country stands for.

Young people from every part of our nation have been informing YAF of radical PBC activities and asking that YAF lead opposition to this travesty. With this letter, I've enclosed some of their comments. Please read them over and, if you share their concern, let them know that you want to help.

YAF believes that the American public should know that the Peoples Bicentennial Commission is a tax-exempt group that receives federal grants. In other words, your tax dollars have filled the PBC treasury!

I'm proud of Young Americans for Freedom and all that it has accomplished through the years. Throughout the radical sixties, it stood alone as a symbol of responsible conservatism for our nation's young people.

YAF has consistently fought for the principles you and I believe in. Now they need our help in fighting for perhaps the greatest principle yet—the defeat of the young radicals who would pervert the American dream in her Bicentennial year.

Please answer today. Your contribution of \$10, \$20, \$50, or whatever you can afford, will enable YAF to train and educate more young people to counter the efforts of the Peoples Bicentennial Commission to defame Ronald Reagan and other outstanding statesmen.

And your dollars will not only help in this important election year effort, but you'll also be helping America's youth become America's responsible leaders. Please send what you can today! We must receive your contribution before we can conclude our 1976 plans.

Thank you.

Sincerely

Jeff Kane

National Chairman

A. FOROLLBRAID

P.S. Many young conservatives are eagerly waiting on their campuses for news from YAF that they'll get the training and education needed in this election year. Please let them know that you care.

Dear Mr. Alexander:

My attention has been called to a letter addressed to "Fellow Americans" concerning the tax-exempt status of the so-called "Peoples Bicentennial Commission." I assume that the communication has come to your attention. In the event you have not seen it, I enclose a copy.

I call your particular attention to the marked section on Page 3 indicating that this organization received Federal grants. If this is correct, it is an incredible action on the part of the Federal government. The Peoples Bicentennial Commission has virtually declared itself to be a revolutionary organization attempting to destroy the efforts, through any means at its disposal, of the duly constituted Bicentennial Administration.

I shall appreciate your advice.

With kind regards.

Sincerely,
