White House Communications Agency (WHCA): Videotapes of Public Affairs, News, and Other Television Broadcasts

Weekly News Summaries, 1974-77

WHCA created weekly compilation tapes of selected stories from the evening news broadcasts of the CBS, NBC, and ABC television networks. It offered these "Weekly News Summaries" to White House staff via an internal cable TV system. The stories range across a host of national political, domestic policy, and foreign affairs topics.

The table below is based upon WHCA's logs of the news summaries.

Copyright Notice: Although public events, such as news conferences and hearings, are in the public domain, the broadcasting companies hold the copyright to all of their original content, including reporters' commentaries and any other supplemental information or images they provided. Researchers may acquire copies of the videotapes, but use of the copyrighted portions is restricted to private study and "fair use" in scholarship and research under copyright law (Title 17 U.S. Code).
