Scope and Content Note

Mildred Leonard joined the Ford congressional staff in 1951 and remained on his staff through December 31, 1976. She began her career with Ford as his personal secretary, a position she held until 1972 when she became his administrative assistant. During the vice presidential and presidential years her title was personal assistant.

While Ford was President, Miss Leonard headed the President's personal staff. The others (all of whom had served on the Ford congressional and vice presidential staffs) were Personal Secretary to the President Dorothy Downton, and three Staff Assistants - Dorothy Cavanaugh, Anne Kamstra, and George Willis. This staff provided secretarial support for the President, handled his personal correspondence and accounts, and responded to requests for autographed

photographs. Miss Leonard's particular area of responsibility was handling the President's contacts with former members of Congress, relatives, long-time friends, celebrities, and former constituents from the Grand Rapids area.

President Ford once stated that he rarely dictated responses to letters. Instead, he gave ideas to Mildred Leonard and Dorothy Downton, who would write the letters. Except for instances that required specific commitments by President Ford, Miss Leonard could often draft responses without his advice because she had been working with him for so long.

This collection contains personal correspondence, much of it routine in nature. Many incoming letters are congratulatory in nature. In addition, there are some letters expressing opinions on the pardon of President Nixon and other issues and letters that express sympathy and 'get well soon' wishes for Mrs. Ford after her surgery in late September 1974. More than half of the letters date from the first few months of the administration. Another 25% date from late 1974 and early 1975.

Related Materials (December 2007)

Closely related materials include the Mildred Leonard Papers and the White House files of Dorothy Downton. Miss Leonard's work can also be seen in Ford's Congressional and Vice Presidential papers.
