Dear Gene:

I am enclosing a photograph my staff just received from the Office of Commissioner Bob Eckels. As you will note from their letter, this picture will be presented to Commissioner Eckels on December 11th.

Gene, I'd really appreciate your help in having the President autograph this picture. I would be grateful too if you would then return it to me so that I can forward the picture for the presentation.

Many thanks!

Sincerely,

Bill Archer, M.C.

Lloyd---

Enclosed you will find the photograph about which I spoke to you on the telephone yesterday. This is to be presented to the Commissioner at the "Bob Eckels Appreciation Breakfast" (as a surprise) on December 11. I would appreciate whatever you can do in getting an appropriate greeting and autograph from President Ford. You mentioned that it might take a little time but I do need to get it back in time to have it framed, if possible. Thank you again, Lloyd, and come see us when you are in Houston.

Please return it to the address listed below.

Congressional Relations

Congressman Alphonso Bell's District Office called today to ask that a Presidential Christmas Card be sent to a constituent who has received a card every year.

Mr. William Hancock
340 The Village
Redondo Beach, California 90277

Would it be possible to have one sent to this gentleman? Many thanks.

October 24, 1974

Dear Congressman:

This is in further reply to your letter of September 17 to Gene Ainsworth concerning the possibility that the President might wish to meet with President Giscard d'Estaing of France in Jacksonville, Florida later this year.

Your suggestion was most welcome. However, at such the same time as you wrote, the decision was taken to hold the next US-French summit in Martinique. President Ford will be meeting there with the French President on December 14-16, 1974.

Again, your letter is appreciated.

Sincerely,

Warren S. Rustand
Appointments Secretary

PRESIDENT'S
COMMISSION ON WHITE HOUSE FELLOWSHIPS

THE WHITE HOUSE

December 19, 1974

Dear Mr. Broomfield:

Dick Cheney has advised me of your inquiry to Max Friedersdorf, in behalf of your constituent, Jim Silcock.

I regret that I must confess to being somewhat at a loss in responding.

While it is true that we have received some applications postmarked after the December 2 deadline, one from Mr. Silcock is not among them; nor did we receive an application from him before the December 2 deadline.

Moreover, we have not yet written or telephoned anyone whose application was postmarked late, to advise him that we are, for that reason, unable to consider him this year (although in the interests of fairness to and equal treatment of all applicants, such letters will be mailed shortly).

If Mr. Silcock can enlighten us further, we shall be happy to look into the matter again; but, after careful search of all 2275 applications received for the 15-18 1975-76 Fellowships, and of our files of recommendations received in behalf of persons whose applications have not come in, we find nothing in his name.

With best wishes,

Sincerely,

/s/

Mr. James Peterson, Director
Economic Development Administration
32 West Randolph Road
Chicago, Illinois

Dear Mr. Peterson:

I am writing to urge your consideration of a proposal you have received from the City of Pontiac, Michigan for assistance in building a downtown public parking garage -- a project which would help revitalize the community's long-suffering central business district.

Like many urban areas, Pontiac has experienced a loss of business in the downtown area and a general economic downturn in recent years despite the community's active efforts to reverse the trend.

Pontiac Osteopathic Hospital, a large downtown employer, is now weighing the option of expanding on its present site or relocating away from the downtown area. One of the problems at the present location is lack of adequate parking for the hospital's more than 800 employees, 122 physicians, and 1,400 daily visitors. The proposed \$4 million addition would, of course, increase the size of the staff, patient load and the parking problem. Another large, nearby downtown office building is suffering from only 40 percent occupancy because of a shortage of parking.

In an effort to remedy this situation and protect the jobs which would be lost should the hospital leave the city, Pontiac is proposing to donate the land and pay a portion of the cost of the proposed parking structure adjacent to the hospital.

Because of the seriousness of the situation in the downtown area and because I believe this is the sort of local initiative which

Mr. James Peterson

- 2 -

September 30, 1974

should be supported, I am most interested in helping Pontiac and would appreciate your favorable consideration of this application. If I can provide you with additional information, I hope you will contact my office. I would appreciate hearing from you on the progress of this project.

In view of President Ford's familiarity with the problems of downtown Pontiac, I am sending him a copy of this letter.

Best wishes, and my thanks for any help you can provide.

Sincerely,

William S. Broomfield

THE WHITE HOUSE

WASHINGTON

November 29, 1974

MEMORANDUM FOR:

MAX FRIEDERSDORF

FROM:

GENE AINSWORTH

SUBJECT:

Meeting with members of the Kentucky
Congressional Delegation regarding
reductions at Blue Grass Army Depot

On November 26, 1974, at the request of Rep. Tim Lee Carter, I attended a meeting concerning the reductions at Blue Grass Army Depot, Lexington, Kentucky.

The meeting was basically a demonstration of concern by local political and business leaders of the Lexington, Kentucky area. Members of the Kentucky Congressional Delegation in attendance were Senator Dee Huddleston, Rep. Carl Perkins and Rep. Tim Lee Carter. Interestingly, the member, where district was most adversely affected, Rep. John Breckinridge, did not attend and was not represented by staff.

Rep. Perkins read a telegram he had sent to the President requesting that the decision to reduce Blue Grass be rescinded. Perkins also charged that the decision to reduce Blue Grass Depot was "arbitrary and politically motivated" and that he wanted to see the President personally about the base as soon as possible.

Doc Carter stated that he had been misled by Army Sec. Calloway about the Army's plans for Blue Grass Depot. Privately, however, Doc Carter is not pressing for a meeting with the President.

Case - FYI

October 12, 1974

Dear Congressman:

Max Friedersdorf forwarded to the President, along with his own personal endorsement, your letter requesting an opportunity to discuss with him the "Why I Love America Program" instituted in DeLand, Florida, and the possibility of his going there to speak and designate a "Why I Love America Week."

The President was very pleased to have you bring this highly successful and worthwhile program to his attention and is most appreciative of your own personal concern for the need to awaken patriotism in young people throughout our country. In light of his heavy schedule commitments now and for the next several months, however, a time is not foreseen when the President will be able to meet with you or make a trip to DeLand. He knows you will understand that the many demands upon him in these beginning months of his Administration make it necessary for him to forego undertaking many engagements he otherwise would want to consider.

With the President's very best wishes.

Sincerely,

Warren S. Rustand
Appointments Secretary

FOR USE THE WEEK OF:

December 1, 1974

THE STRANGE FORD ADMINISTRATION

WASHINGTON, D. C. -- Strange indeed are the ways of the new Ford Administration. I have been reluctant to publicly criticize our new President while he is trying to get the new Administration off the ground, but it becomes increasingly difficult not to do so.

In the very short time he has been in office, a little more than four months, the President has succeeded in alienating almost every segment of the American public to some degree. His popularity has been flying like a rock, and no wonder.

One of the first things President Ford did was to propose conditional amnesty for draft dodgers and deserters. The program has not been a success as less than five percent of the eligible deserters and draft dodgers have taken advantage of President Ford's offer. The President only succeeded in making both sides of the issue angry. Those who fought and defended this country and believed in its laws were shocked at the clemency proposal and those who wanted complete and unconditional amnesty started crying even louder for complete and unconditional forgiveness.

But, the President did succeed in giving complete amnesty from prosecution to former President Nixon. Ford's pardon of Nixon irked many segments of the population, from the far left to the far right, from the Nixon haters to the "no man is above the law" crowd.

If the Nixon pardon wasn't enough to rile the public, the Administration proposed a 10 to 20 cents a gallon gasoline tax, then beat a hasty retreat in the face of public anger. Next, in his WIN message to the Congress and to the country the President proposed a five percent surtax. This came just 30 days before the elections when it had no chance of passing. As a matter of fact, it backfired. The last thing the working people of this country need or want is more taxes.

In his WIN speech the President also succeeded in stepping on the toes of the farmers in Alabama's Second District by proposing that the peanut program be eliminated.

Those Republicans who were elected or re-elected were successful not because of the Ford Administration, but in spite of it.

(MORE)

STRANGE FORD ADMINISTRATION

PAGE TWO

In a series of unwise moves the President vetoed a number of important bills passed by the Congress. In turn, the House and Senate promptly overrode the President's vetoes. There was the Railroad Retirement Act which was overridden in the House by a vote of 368 to 12 and 71 to one in the Senate. The Rehabilitation Act, which extended Federal vocational rehabilitation programs, veto was overridden in the House 398 to seven and 90 to one in the Senate. The Freedom of Information Act veto was overridden 371 to 31 in the House and 65 to 27 in the Senate. Both the House and Senate will probably override the President's recent veto of the Veterans Education Benefits by large margins. By contrast, President Nixon vetoed only 12 bills in this Congress and had only one overridden, the War Powers Bill.

Now, the President is proposing a public employment program which will cost billions of dollars. At the same time, the Administration has announced cutbacks of 11,500 military and 11,600 military related civilian jobs. Cutbacks in defense personnel can only worsen the unemployment problem, not alleviate it.

It is very difficult to understand what has happened and is happening at the White House. Gerald Ford does not sound like the sensible Representative who left the House such a short time ago. Perhaps, he has a dozen or so of the Mad Hatters of the Alice in Wonderland type running around giving him advice. Certainly, as Alice said, "things get curiouser and curiouser."

November 11, 1974

Dear Mr. Flood:

In Gene Ainsworth's absence, I am taking the liberty of acknowledging your letter of November 1 in which you request that the President send a special message to Saint Mary's Parish which will celebrate its 100th anniversary on December 1.

I am certain the President will be pleased to send an appropriate message for this auspicious occasion. Note has been made that such message is needed as soon as possible.

With kind regard.

Sincerely,

Max L. Friedersdorf

The Honorable Daniel J. Flood
Congress of the United States
House of Representatives
Washington, D. C. 20515

Dear Dan:

Saint Mary's Parish in Avoca will formally observe the Centennial Anniversary of its founding on December 1, 1974.

A Commemorative Book is now being prepared and we would like a congratulatory letter from President Gerald R. Ford to be published therein.

Due to a change in Pastors at Saint Mary's, the Centennial activities were begun rather late. Time is of the essence - so your usual expeditious action here would be most helpful and appreciated.

The letter from the President should be addressed to the Pastor of Saint Mary's Parish:

Rev. Thomas J. Carlin
Saint Mary's Rectory
715 Hawthorne Street
Avoca, Pennsylvania 18641

Sincere thanks for all your past help and best personal regards now and always.

Very truly yours,

Joseph D. Hannon

P.S. Congressman - You will be hearing more from the Centennial Committee (re the Dinner) later on.

Freshman Congressman

Could we please send a proper message to Cong. and Mrs. Harold Ford for the birth of a son on Monday, January 6th. We were unable to get the new boy's name.

Many thanks.

November 6, 1974

Dear Mr. Anderson:

Please excuse the delay in replying to your letter. However, we have been trying to explore possibilities for you both within the federal departments and agencies and within the White House.

Inasmuch as you have advised the federal agencies that you are interested only in a White House staff position, we have added you to our talent bank of highly qualified individuals interested in White House staff positions. As you know, many members of the White House professional staff have stayed on during the transition. Positions are opening up gradually, but in light of the President's desire to trim the White House staff, not all spots are being filled.

Should any appropriate vacancies arise, however, we will certainly be in touch with you.

With best wishes,

Sincerely,

PROFESSIONAL NUMISMATISTS • AUCTIONEERS • APPRAISERS

Congressman Peter Frelinghuysen of New Jersey
United States House of Representatives
Washington, D.C.

Nov. 19, 1974

Dear Mr. Frelinghuysen:-

48076 NOV 21 1974

I am writing to you to urge that my father, Mr. Henry Christensen, be considered for nomination to serve on the United States Assay Commission. This Commission, which, as you know, is, at this point, largely of an honorary nature-although of great historical importance, each year includes in its number several well known numismatists. I would suggest that my father is more than qualified to serve among its ranks.

He has been a loyal Republican and resident of Madison in your district for more than 30 years.

For more than 20 years he has been a full time professional numismatist, researcher, and auctioneer of rare coins. He has published 54 auction catalogs of coins, many of which still serve as standard references within their specialized fields. He also compiled and authored the first complete catalog of the Silver Dollars of Independent Mexico (a series ten times the size of our own). He has also done considerable research on the tokens, coins, and pattern coinage of the Republic of Liberia.

In addition to his own work, he has acted as a consultant for the works of various other publishers and authors, among which are: Krause Publications Standard Catalog of World Coins and Standard Catalog of World Paper Money, Whitman Publications Catalog of Modern World Coins and Guide Book of Mexican Coins, Friedburg's Gold Coins of the World (editor of the Latin American section), Wayne Raymond's Silver Dollars of North and South America (2nd edition), and as editor of Quarterman Publications forthcoming second edition of Herrera's Spanish Proclamation Medals opus. In addition he is a member of Sidney Publishing World Crowns Trends panel. He has, of course, been a speaker at various numismatic educational forums.

He is a member of the American Numismatic Association's Committee on Dealer Relations, chaired by Miss Eva Adams-former Director of the United States Mint.

HENRY CHRISTENSEN INC.

His numismatic afiliations are many, but worthy of mention are:

The Numismatic Literary Guild

American Numismatic Association-Life Member No.313- frequent exhibit judge and donor of the Latin American exhibit award

The American Numismatic Society-chairman of the Latin American Committee

Internatuonal Association of Professional Numismatists - former board member and Vice President for the Americas

Professional Numismatists Guild

Society of Certified Professional Numismatists

Appraiser's Association of America

International Banknote Society

Society of Paper Money Collectors

The Honorable Peter H.B. Frelinghuysen
House of Representatives
Washington, D.C.

Dear Mr. Frelinghuysen:

Recently I called your office in Morristown to ask the procedure for writing a letter of support for the nomination of Mr. Gabriel Malkin to the Air Quality Advisory Board, which is an appointment made by the President. Your office advised that you would give the matter consideration if necessary information were received. In this regard we are enclosing a resume of Mr. Malkin's background, as well as a copy of a letter from the National Paint and Coatings Association dated August 12, 1974.

I am presently living in Madison, New Jersey, and as one of your constituents I would like to ask you to write a letter of support for Mr. Malkin's nomination. Gabe Malkin, who is a resident of Westfield, New Jersey, works for the Benjamin Moore Company in Newark, New Jersey, and is interested in air quality and the environment, and is very active as a member of the National Paint and Coatings Association Air Quality Task Force. Over the past few years that I have known him, he has made a significant contribution to the development of State implementation plans under the Clean Air Act through his work for National Paint and Coatings Association. His background and varied experiences make him an excellent candidate for the position.

Thank you in advance for acting favorably on my request.

Very truly yours,

THE EGYPTIAN LACQUER MANUFACTURING COMPANY

RE: "President's Air Quality Advisory Board"

Dear Mr. President:

The National Paint and Coatings Association is a voluntary, non-profit industry association comprising approximately 1000 members who are engaged in the manufacture and distribution of paint, varnish and allied products. Our Association has an outstanding record of cooperation with governmental agencies in the improvement of our environment. We desire to continue this involvement through the participation of an industry representative on the Air Quality Advisory Board as established in Section 117 of the Clean Air Act.

To serve in this position we wish to recommend for your consideration the appointment of Gabriel Malkin, P.E., as a member of this Board. Mr. Malkin is a highly respected member of our industry and his background and present responsibilities for a major national paint manufacturer qualify him to join the already illustrious members of your Advisory Board. His many accomplishments in the area of air pollution control are evident in the attached resume. Mr. Malkin presently serves our industry as a member of the NPCA Air Quality Task Force.

Your consideration of this recommendation will add a strong and knowledgeable person, deeply concerned and dedicated to protecting our environment, to assist you in meeting our nation's responsibilities to provide clean air for all our citizens.

Very respectfully yours,

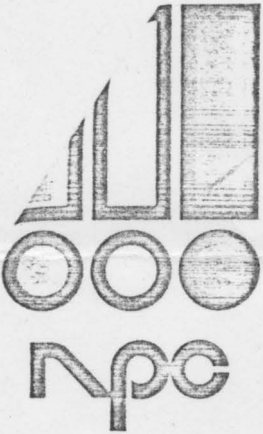

Robert A. Roland
Executive Vice President

MEMORANDUM FOR: GWEN ANDERSON
THROUGH: BILL TIMMONS
FROM: GENE AINSWORTH

I have just received a telephone call from Cong. Bill Scherle's district office, advising us of a testimonial dinner being given for Cong. Scherle tonight at 7:00 p. m. at the Newmarket School, in Newmarket, Iowa.

At the same time, they are going to honor Cong. H. R. Gross who is ending his Congressional career this year. Cong. Scherle would like a telegram from the President that he can read to the group gathered at the School, and at the same time Mr. Gross is going to be given a plaque to honor his many years of service with the House of Representatives.

Cong. Scherle would like someone to call and give him the message from the President. Scherle can be reached at AC 515 232 - 3668.

Incidentally, the dinner is being held only a few miles from Cong. Gross' birthplace - Arispe, Iowa.

Washington, D. C. 20500

Dear Gene:

Your office was contacted by Mr. D. R. Culpeper of St. Tammany Parish, Louisiana, concerning a reception which is being held in my honor on the night of November 7, 1974.

Of course, I would be deeply honored and grateful if the President would send a message of good wishes.

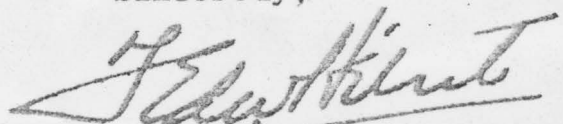

The reception will be attended by 300 people--businessmen, military officials, and city of Slidell and St. Tammany Parish officials. They are honoring me for 34 years of service to the First District of Louisiana, the state, and the nation. A plaque will point out my length of service, my chairmanship of the House Armed Services Committee, the fact that I am dean of the Louisiana Congressional delegation, and the fact that I rank 5th in House seniority.

Mr. Culpeper asks that the message be mailed to him via airmail at this address: Mr. D. R. Culpeper, 160 N. Corby Drive, Slidell, Louisiana 70458.

Your assistance in this matter is deeply appreciated, and if I can help further, just let me know. Lou Burnett in my office can give you additional information.

With kindest personal regards.

Sincerely,

F. Edw. Hébert

MEMORANDUM FOR:

BILL NICHOLSON

FROM:

MAX FRIEDERSDORF

SUBJECT:

President accepting an award from the
American Football Association
January 9, 1975

When the President was still the Vice President, he accepted an invitation extended by William Murray, Executive Director of the American Football Association, to attend a Dinner here in Washington, at which time he would be awarded the American Football Association Tuss McLoughery Award.

We have received a call from Miss Toni Krens of Cong. Frank Horton's District Office in New York. Eastman Kodak handles the awards for the American Football Association and they are asking for a picture of the President to use with the advertising material that is going to be issued in connection with this event. Miss Krens has checked with Mr. Murray and he advised her that the President has tentatively agreed to accept the award but probably will not attend the dinner.

I am sorry we cannot give you any more information but this is all that Miss Krens of Cong. Horton's office could obtain. The only thing she is asking for is pictures of the President to use in Eastman Kodak's advertising of the event.

Please let us know as soon as possible, in order that we can get back to Cong. Horton's office. Many thanks.

*Nicholson says Mr Blackman of Amer. Football Coaches Assn recd ans from WH 8/28/74

Re: Regulating Sport and Commercial Fishing
at Cape Hatteras National Seashore

Dear Mr. Secretary:

May I bring to your attention a memorandum dated November 8 directed to me from Nathaniel Reed, Assistant Secretary for Fish and Wildlife and Parks which in effect restricts certain areas of the beach along Cape Hatteras National Seashore Park from use by commercial fishermen. The area in question extends from Access Ramp No. 22 South and Southwest to Access Ramp No. 30 which is the prime commercial fishing area of the Outer Banks and makes it available only for the exclusive use of sport fishermen from October 1 to April 30. The effective date of this memorandum is December 1, 1974.

You are no doubt aware that a Blue Ribbon Committee, appointed by you and chaired by Dr. Thomas Linton, Director, Marine Affairs Office, N. C. Department of Natural and Economic Resources, has met on numerous occasions in an effort to evaluate and to formulate new policy designed to resolve any inequities which might have existed in the past or may exist in the future between commercial and sport fishermen. Recommendations have been made by the committee, including the more popular proposal that we continue with existing policy for another year during which time problems relating to commercial and sport fishermen could be closely monitored.

The right of commercial fishermen along the Outer Banks to fish along Park Service property was guaranteed in the original authorization of the Cape Hatteras National Seashore Park.

The Honorable Rogers C. B. Morton
Page 2
November 26, 1974

Mr. Reed states on Page 2 of his letter that "it would strain one's credulity to read into legislative intent that this protection was meant to restrict legitimate uses of the seashore by park visitors." I respectfully suggest that it would strain one's "credulity" to suggest that a legitimate use of the seashore by park visitors could include a restriction which prohibits commercial fishermen from sharing beach fishing rights with those visitors. The record shows that alleged confrontations by New Jersey sport fishermen have been fabricated with half truths and in many cases with no basis whatsoever. It is difficult for me to understand why the only allegations against commercial fishermen have been made by New Jersey citizens with over one and one-half million tourists visiting the Outer Banks each year.

Mr. Secretary, the commercial fishermen along the Outer Banks are aware of the proposed restricted area which will be posted on December 1, 1974. I am informed by responsible citizens of the Buxton area that these commercial fishermen expect to preserve their right to utilize not only the proposed restricted area but the entire beach presently under the jurisdiction of the Park Service to the extent of arming themselves with firearms. We might expect on this occasion not only a confrontation by bloodshed if need be. I realize that this is not the proper manner in which this should be handled; however, I will have no control over extremely high-tempered commercial fishermen who feel that their right to earn a living has been restricted by an all-too-powerful National Government.

In the event your department places into effect proposed restrictions the Dare County Board of Commissioners, hopefully in an effort to avoid such a confrontation, will request the Federal Courts to place your Park Superintendent, Mr. Jim Dunning, under a restraining order after which this matter will be brought into the Federal Courts for further litigation. I cannot overemphasize the importance and the urgency of the proposed restrictions being withdrawn immediately.

With every good wish, I am

Sincerely,

WALTER B. JONES
Member of Congress

United States Department of the Interior

OFFICE OF THE SECRETARY
WASHINGTON, D.C. 20240

NOV 20 1974

In Reply Refer To:
N1423-L

Honorable Walter B. Jones
House of Representatives
Washington, D.C.

Dear Mr. Jones:

As you know, we have been experiencing problems at Cape Hatteras National Seashore regarding a controversy between sport fishermen and commercial fishermen. Last year, we attempted to alleviate this conflict with revised regulations and closer supervision.

The results have not been as productive as we had hoped. Therefore, I support the enclosed recommendation of the National Park Service and intend to have it published in the "Federal Register." However, as a courtesy to you and due to your intense personal concern for this area within your district, I wanted to give you adequate notice as well as the opportunity to comment on this action.

Thank you for your continuing interest in this matter.

Sincerely yours,

Assistant Secretary of the Interior

Enclosure

United States Department of the Interior

NATIONAL PARK SERVICE
WASHINGTON, D.C. 20240

IN REPLY REFER TO:

N1423-MN

NOV 8 1974

Memorandum

To: Assistant Secretary for Fish and Wildlife and Parks
From: Acting Director, National Park Service
Subject: Regulating sport and commercial fishing at Cape Hatteras National Seashore

I have reviewed the comments solicited at public hearings by the Ad Hoc Committee on June 25, 26 and July 22, the draft proposal submitted by the Ad Hoc Committee dated September 30, 1974, a recommendation from our Southeast Regional Office, and correspondence from individuals. In addition, I have reviewed the enabling legislation and our experience with the current regulations since their enactment.

On the basis of this review and consultation, I am recommending that we reserve a zone for the exclusive use of sport fishing. This zone is located near the Cape Hatteras Lighthouse, and is adjacent to one of the most active visitor use areas in the seashore. It is proposed that an area commencing at Access Ramp No. 22 and running south and west along the shore and including Cape Point to Access Ramp No. 30 be reserved for the exclusive use of sport fishing. This means that commercial fishermen will not be permitted to haul their nets upon the beach in this area from October 1 to April 30. The effective date for this year will be from December 1, 1974, to April 30, 1975.

The existing regulations permit commercial and sport fishermen to compete for fish on a first-come first-served basis on the same portion of beach. The effect of such an arrangement has not been conducive to the elimination of confrontation. In fact, the National Park Service has been placed in the position of referee in what can only be described as a no-win situation for both the users and the administrators. This proposal puts the park officials into the position of enforcing a precise regulation over a readily definable

area. We believe that it is equitable since the balance of the seashore will be managed on a first-come first-served basis. Historically, this has proved to be advantageous to the commercial fishermen.

Even though the enabling legislation sought by compromise language to protect the livelihood of those residents of the Outer Banks villages listed in the Act of August 17, 1937 (50 Stat. 669), it would strain one's credulity to read into legislative intent that this protection was meant to restrict legitimate uses of the seashore by park visitors.

It is hoped that the spirit of the legislation, that of protecting a way of life for the Outer Banks inhabitants, will not be abused by those seeking to use this element of the act solely for commercial gain.

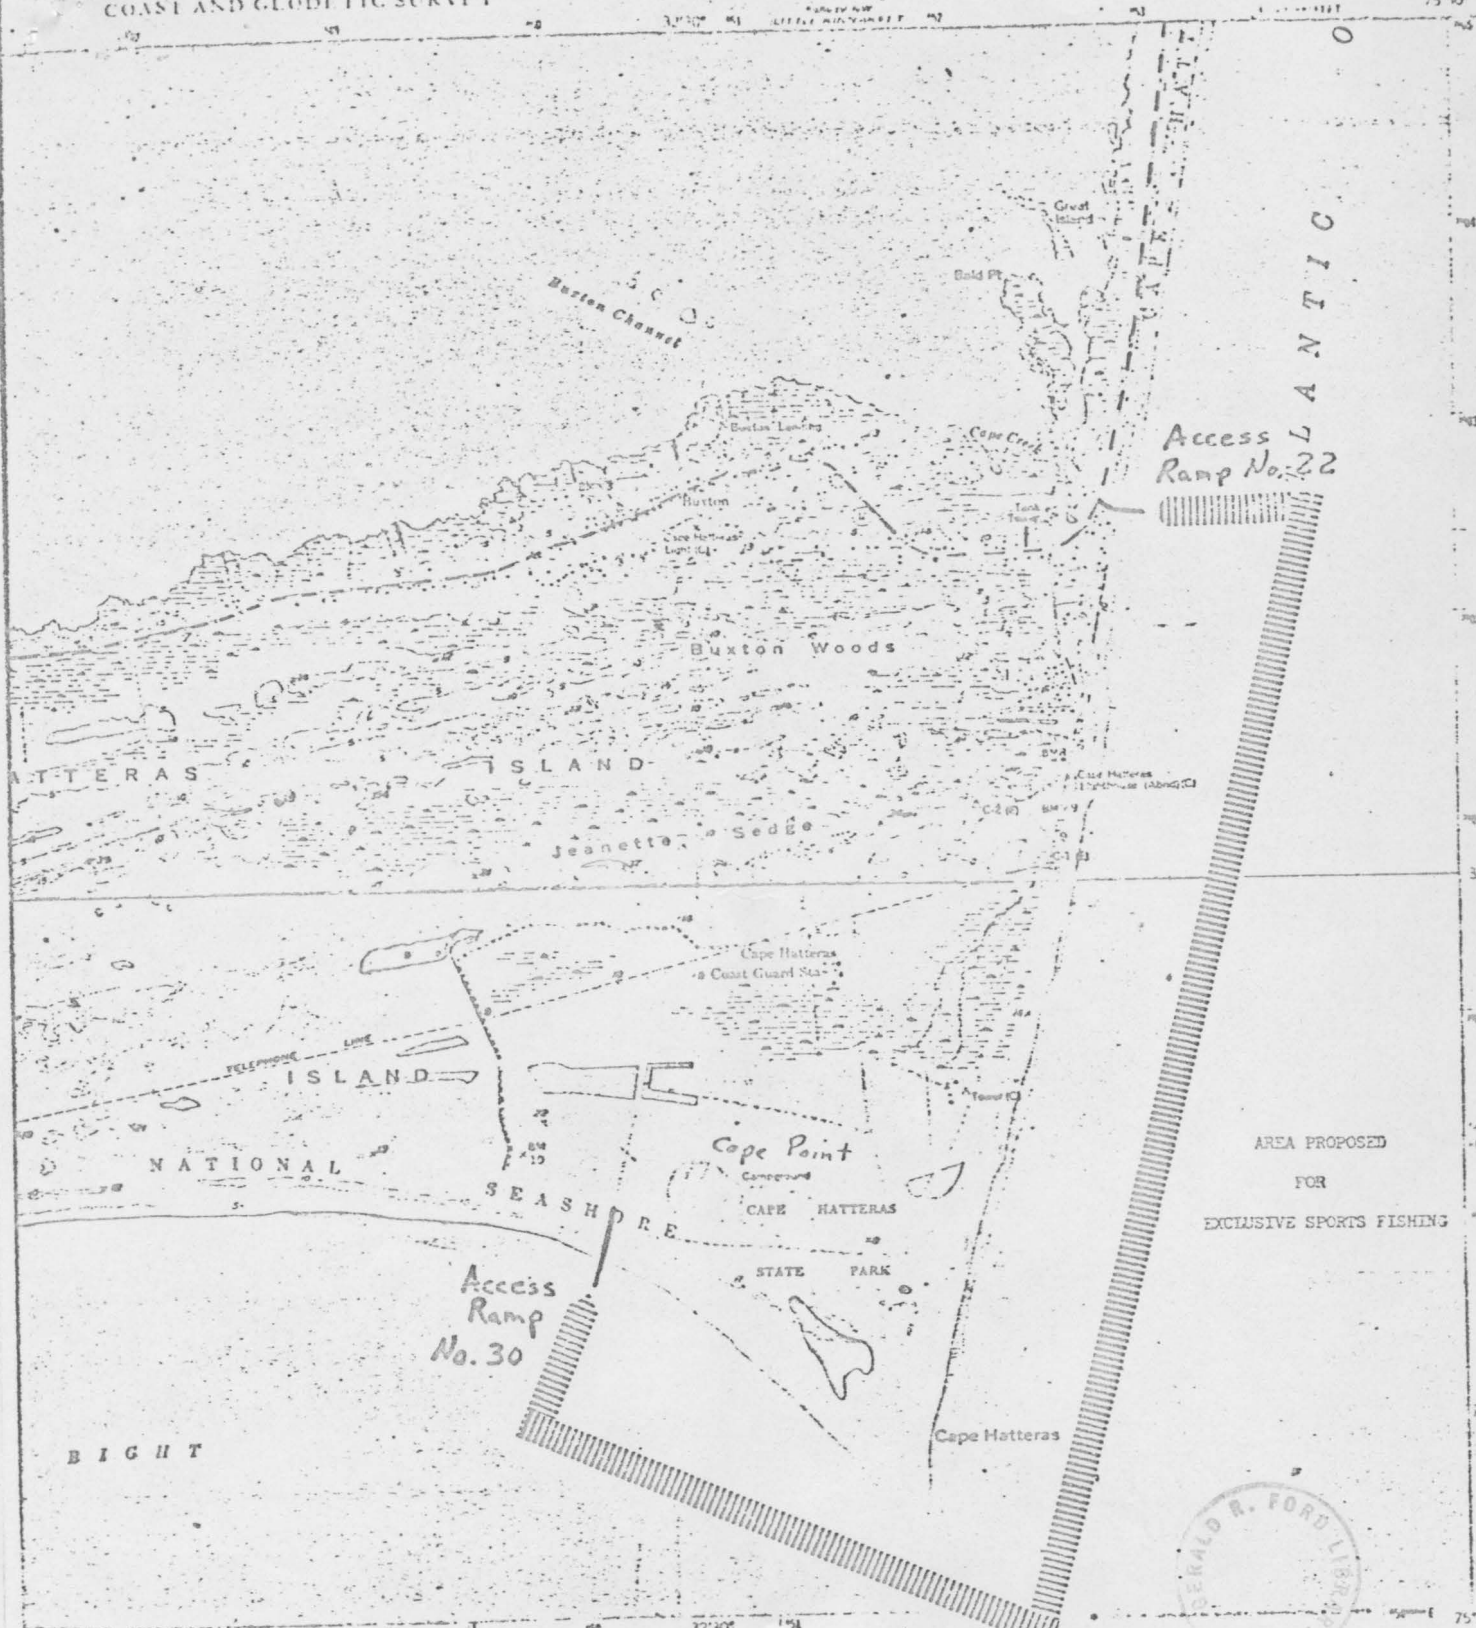

We believe that this proposal addresses itself to each of these issues and I recommend your concurrence. With your concurrence, we will have these revisions inserted in the Federal Register.

Russell E. Dickerson

I concur:

Stathiris J. ...
Assistant Secretary for Fish and Wildlife and Parks
