1. I have just returned from New York where I have had the pleasure and honor of addressing the United Nations General Assembly.
2. It is clear that the challenges and opportunities before the nations of the world are immense -- and, I am sure you will agree, that the challenges and opportunities before the United States and Europe are almost unparalleled.
3. As friends and as allies we are currently addressing major strategic, political and economic issues, such as:
 - inflation,
 - resource scarcity, and
 - the need to keep our international finances in order.
4. These issues emphasize the need to work together as partners to develop solutions that are to our mutual advantage.
5. Cooperation among us is the key to constructive action, and cooperation begins with consultation -- this must take place at all levels.
6. Visits such as that which you are making to the United States as European Parliamentarians play an important part in ensuring that we have a full appreciation of each other's viewpoints so that we can work harmoniously together.

My dear Mr. Pettis:

Thank you for your quick reply to my letter of Aug. 11, 1974.

I have enclosed a black and white photo of the painting of Plaster Creek that I would like to give to the president. The painting is 8 x 10" in size in an antique gold frame. I always loved that place myself and did this painting from a photo I took 20 years ago in Grand Rapids. If I had known that it was to be given to the president I would have painted it larger. (I still can, if you think he would prefer it.)

I have also enclosed some of the cards currently in print by SAGA of Albuquerque, N.M. as examples of my work.

The following is in reply to your request for more background information. I hope it will be sufficient:

- Born in Chicago in 1931...lived in Grand Rapids, Mich. from 1936 to 1954...attended Alexander Public School and Ottawa Hills High School...graduated from the University of Michigan in 1954...spent two years in the Air Force, then spent the next 16 years as an engineer with Boeing (Seattle) and TRW Systems (San Bernardino) in the Aerospace field...Turned to full time art in 1971...now have own gallery in Oak Glen.
- Lectured extensively in California on art, techniques of painting, and restoration of old paintings.
- Studied restoration of old masters under noted restorationist William Yelland.
- Author of published course in oil painting.
- Recently became featured artist in "The Search for Landscape Material", an educational series in slides and tape distributed by Holiday Films of Whittier, Ca.
- Listed in the "National Artist Directory for 1974"
- Recently elected to membership in the "American Masters Society" of professional artists.

Thank you for your help and interest.

Sincerely yours,

William F. Palluth

Dear Max:

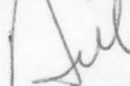

This morning I received a phone call from my good friend, Judge William J. Beer, who was wondering about the possibility of himself and Judge Fred C. Ziem paying a courtesy call on the President sometime in mid November.

Fred played football with the President when they were both at Michigan back in the early thirties.

I would consider it a great personal favor if a brief meeting could be arranged with the President for these two men, both avid supporters of Mr. Ford. They would be willing to come to Washington at the President's convenience.

Best wishes, and my thanks for anything you can do in this regard, Max.

As you know, your staff contacted my office a couple of weeks ago to see if it would be possible for Mayor Linnell to attend one of the economic summit meetings. I have just been advised that it will not be possible to include him in the upcoming meeting with State and local officials, although every effort was made in his behalf.

Dear Max:

I tried to reach you the other day and you were out of the city. At the suggestion of a member of your staff, I am forwarding this note.

I am writing on behalf of two good friends of mine, and two of the ablest municipal executives in my state, John Linnell, the Mayor of Auburn, Maine, and Thomas Needham, the Mayor of Bangor, Maine.

As Republican mayors in a state that has very few of them, Jack and Tom have demonstrated that our party can provide effective leadership in the cities if given the opportunity.

Both Mayor Linnell and Mayor Needham will be in Washington on October 1, and I was writing to inquire if it would be possible for them to meet briefly with the President and have their pictures taken with him. Given the demands on his schedule, I realize that this may be impossible, and if that is the case, I would like to suggest that these two capable men be included in future delegations of mayors who meet with the President. I am confident that they would be able to make an important contribution to any discussions that may be held on critical urban issues.

I will appreciate any assistance that you may be able to give me.

Sincerely,

MEMORANDUM FOR: WARREN RUSTAND
FROM: WILLIAM E. TIMMONS
SUBJECT: Congressional Proposals

Attached is a summary of schedule proposals we have made for the President's time. There are 33 separate events with only about 13 falling into the "Congressional Hour" category.

Since Congress probably will be in session only two more weeks before the election recess, it is important to clean up as many of these as possible, as soon as possible. Many of those on the attached list are "musts" and some have now become urgent priorities.

In addition, the President will certainly want to hold several leadership meetings during this period for fact-breaking events.

Can you give us approval for specific days and times during the next two weeks for items on attached list?

Thanks, Warren.

MEMORANDUM FOR:

~~BILL TIMMONS~~

FROM:

MAX FRIEDERSDORF m.f.

SUBJECT:

M.C. Don Young (R-Alaska)

Congressman Young called today to urge the President stop in Anchorage on November 19th for a fund-raiser.

Young says that although the event will be after the election, an announcement prior to the election would be a political boon for GOP ticket in Alaska.

Mr. Young recommends a fund-raiser with 4,000 in attendance.

This would fund the party for some time, add vigor and enthusiasm to the party faithful, and prepare the way for President Ford to carry the state in '76.

Anchorage, of course, is the normal refueling stop for Japan.
