THE WHITE HOUSE

WASHINGTON

RECOMMENDED TELEPHONE CALL

TO: Rep. Olin E. "Tiger" Teague (D-Texas), Chairman,
House Committee on Science and Technology.

DATE: If possible, by 2:00 p.m. Monday, April 12. Teague,
on Friday, April 9, decided to schedule an Executive
Session on H. R. 12112, the synthetic fuels bill for
4:00 p.m. Monday.

RECOMMENDED BY: Jack Marsh, Max Friedersdorf, Jim Cannon, Bob
Seamans, Frank Zarb

PURPOSE: To provide encouragement to pass the bill and avoid
damaging amendments, to reiterate your support for
the bill, and to promise White House help in lining
up support for it.

BACKGROUND: The \$6 billion synfuels program failed by a vote of
263-140 on the House floor last December as part of
the Conference Report on H. R. 3474 to authorize
appropriations to ERDA. The opposition came from
a coalition of liberals opposing assistance to energy
companies, environmentalists opposed to coal and
shale development, and conservatives who questioned
the Federal role in the program as a "foot in the door"
for the \$100 billion Energy Independence Authority (EIA).
Within his Committee, Teague faces strong opposition
from some Democrats (who opposed it 13-11 last December;
Republicans were 8-2 for). Wydler who opposed has
switched. Goldwater, who led conservative opposition,
has been under pressure from synfuels project firms in
California and may be wavering somewhat.

Teague was very bitter last December and claimed that the White House let him down. In the last few days he has said in hearings that he understands White House staff aren't giving the bill high priority, even though you have said it is important. Thus, a call could do a lot to reassure him.

TOPICS OF
DISCUSSION:

- I understand that you have completed hearings on the synfuels bill (H. R. 12112) and that you are starting markup on Tuesday, April 13, or Wednesday, April 14.
- I also understand that you've been told that the White House staff doesn't consider this a high priority bill. I've made sure that everyone here understands that it is high priority.
- I was very disappointed when the bill failed last December -- and surprised too since my people were working with you to pass the bill.
- We need the legislation to lay the groundwork for an industry to convert coal and shale to clean liquid and gaseous fuel.
- I know you will be under strong pressure to amend the bill in ways that will be unacceptable to both of us. I hope you will avoid such amendments.
- We will continue to look to Bob Seamans for the lead in working with you on the bill, but I have also told Max Friedersdorf and his people to work with you and John Rhodes to line up support.
- "Tiger, " I understand you spoke to Jack Marsh about Werner Von Braun, who is suffering from terminal cancer. Jack tells me you would like to do something for him in recognition of his great contributions to science, space technology and our nation. I'd be pleased to have your suggestions and will ask one of our legislative affairs people to visit with you on it.

The President
The White House
Washington, D. C. 20500

Dear Mr. President:

On April 27, 1976, I requested for myself and on behalf of Congressman John Buchanan and Senators Harrison A. Williams, Jr. and Jacob K. Javits, a meeting with you at the earliest possible time to discuss the present situation at the Equal Employment Opportunity Commission. I regret that it has not been possible for you to schedule such a meeting as of this date.

As Chairman of the House Subcommittee on Equal Opportunities, I have long been concerned with the continuing failure of the EEOC to provide prompt and equitable redress for the victims of employment discrimination. It is my belief that this failure is due in large part to glaring management deficiencies of long standing which have recently surfaced in the public disclosure of certain internal audits of district office operations performed at the request of Chairman Lowell W. Perry. The departure of Chairman Perry after less than a year in office leaves most of these management deficiencies unresolved. I believe that the instability of leadership at the Commission has contributed substantially to these deficiencies.

I would again like to request an opportunity to meet with you to discuss these concerns prior to your appointment of a successor to Mr. Perry. The need for restoration of the public's confidence in its law enforcement agencies, I believe, makes this matter one of great urgency.

Sincerely,

Augustus F. Hawkins
