MEMORANDUM FOR: MAX FRIEDERSDORF
THROUGH: CHARLES LEPPERT, JR.
FROM: PATRICK ROWLAND *PR*
SUBJECT: Rep. Burt Talcott (R-Calif.)

Rep. Talcott advises us that because of an impending law suit by an environmentalist group, he would like us to drop our consideration of the San Felipe visit on June 5.

Attached are copies of the May 6 memo and the schedule proposal on this matter.

THE WHITE HOUSE

WASHINGTON

May 6, 1976

MEMORANDUM FOR: MAX FRIEDERSDORF
THROUGH: CHARLES LEPPERT, JR.
FROM: PATRICK ROWLAND 
SUBJECT: Rep. Burt L. Talcott (R-Calif.)

Recently Rep. Talcott extended an invitation to the President to participate in a ground-breaking ceremony for the San Felipe Division of the Central Valley Water Project in California on June 5, 1976, at 10:00 a.m.

Because of a scheduling conflict this was turned down by Bill Nicholson's office sometime last week. In light of recent developments and the fact that Mr. Talcott will be on the ballot as a delegate for the President, Mr. Talcott asked that this request be reconsidered.

While I do not know the overall plan for California, I would recommend special consideration of some sort of Presidential activity in this part of California. Although a rural and farming area, it is close enough to the metropolitan areas of San Francisco and San Jose to attract a lot of good press coverage.

I am enclosing an article from the San Jose Mercury News (the newspaper which circulates in the Salinas area) which mentions the impact that former President Kennedy's visit to this area had fourteen years ago.

Representatives Pete McCloskey of Portola Valley, and Norm Mineta of San Jose, both recommend this visit.

VIA: Bill Nicholson

MEETING: Ground-breaking ceremony

DATE: Saturday, June 5, 1976, at 10:00 a.m.

PURPOSE: To commemorate the ground-breaking of the Pacheco Pass Tunnel of the San Felipe Water Project

FORMAT: Pacheco Pass is located near Gilroy, California

PARTICIPANTS: The President
Rep. Burt Talcott (R-Calif.)
Rep. Paul McCloskey (R-Calif.)
Rep. Norman Mineta (D-Calif.)
Civic Dignitaries

SPEECH MATERIAL: To be provided

PRESS COVERAGE: Announce to press - White House photographer

STAFF: Patrick Rowland

RECOMMEND: Max Friedersdorf

BACKGROUND:

1. The San Felipe Water Project will bring critically needed water to the central coast of California.
2. This far sighted solution to California's water problem was federally funded during the President's Administration.
3. As per attached news article from the San Jose Mercury News, a similar ground-breaking fourteen years ago by former President Kennedy for the east end of this project attracted huge crowds and publicity.

4. While located in a rural and farm area, the project is of major concern to the San Jose, California, area which is the fourth largest city in California (SMSA 1,640,000 people).
5. This visit was recommended by Representatives Talcott, McCloskey, and Mineta.

Dear Tom:

With further reference to your telephone conversations with Alice Andersen, my Administrative Assistant, I am hoping that it may be arranged for me to personally present to the President the scroll in recognition of the 200th birthday of our Nation.

This project was undertaken by the school children of Glendale, California in my district and carries the signatures of more than 20,000. It was presented to me in Glendale and I handcarried it back to Washington along with the request from the children that I take it to the White House and personally deliver it to President Ford.

I am well aware of the many demands - especially in this Bicentennial Year - but I realize that it could be done within a couple of minutes and I know what it would mean to these school children to receive a photograph of the presentation. I hope it may be possible for you to schedule it.

Thank you very much for your cooperation. I look forward to hearing from you.

February 27, 1976

Dear Clarence:

Thank you for your February 18 letter on behalf of John Cronin, who has created a ceramic plaque of the President and wishes to present it to him.

The President's schedule, as I am sure you know, is extremely heavy in the coming months. However, I will be pleased to hold this request with the thought that we might be able to work out a presentation during a Congressional Hour.

With kindest regards,

Sincerely,

Dear Congressman Miller;

John Cronin, a student in our Junior High school, has constructed a ceramic plaque of President Ford. This has been a project in Art Class for John. John has had communication with President Ford's office, and he is now interested in presenting the plaque to the President. Businessmen in New Lexington are willing to pay for John's expenses to Washington. Would it be possible for you to set up an appointment with the President to make the presentation.

Thank you for your time and consideration.

Dear Max:

I have a young constituent, Edwin Guy Walter of Virginia Beach, whose one ambition in life at this time is to meet the President. He is a 14 year old eighth grader who has made a detailed study of all the Presidents, their lives, and their place in history, and it would mean a great deal to him, and to me, if I could bring him in one day during the Congressional Hour. He is a fine youngster, and I have known his family most of my life and count them as good friends.

Many thanks for all your help.

MEETING WITH SIX VIETNAM ERA VETERANS
WHO HAVE BEEN SELECTED BY "NO GREATER LOVE"
TO RECEIVE NATIONAL RECOGNITION
FOR THEIR CONTRIBUTIONS SINCE THEIR RETURN FROM VIETNAM

Wednesday, May 19, 1976
10:45 - 10:55 a. m. (10 minutes)
The Oval Office

From: Theodore C. Marrs *T. Marrs*

I. PURPOSE

To greet the six Vietnam era veterans who have been selected in an Editors' Choice project by "No Greater Love" to be recognized for their positive contributions in their communities, as civilians, since their return from Vietnam.

II. BACKGROUND, PARTICIPANTS AND PRESS PLAN

A. Background:

1. "No Greater Love" is a non-profit, tax-exempt, volunteer organization which was organized in 1971 to sponsor programs of friendship and care for children of the prisoners of war, missing in action, killed in action, and hospitalized veterans, and for older Americans. "No Greater Love" is dedicated to informing, motivating and mobilizing the American people, directing them toward significant human problems and evoking from them positive action.
2. In October 1975, "No Greater Love" requested that newspapers, radio and TV stations throughout the country do a feature on a Vietnam veteran from their area who has made a noteworthy contribution to his community since his return from the war. These features were then submitted to "No Greater Love" and six finalists were selected to receive national recognition at an awards ceremony to be held on May 19, 1976.

The awards ceremony will be held in the New Senate Office Building immediately following this meeting with the President. There are 200 invited guests, and Art Buchwald will be Master of Ceremonies.

3. Mrs. Ford currently serves as Honorary Patron of "No Greater Love."
4. In November 1975 the President and Mrs. Ford invited area senior citizens to the White House for Thanksgiving dinner, and the President issued a Thanksgiving Salute to Older Americans, both at the suggestion of "No Greater Love."

B. Participants: (List attached).

C. Press Plan: Full press.

III. TALKING POINTS

1. I am very proud of you six finalists for having been chosen by "No Greater Love" to be recognized today. And I am proud of your wives who are with you here today. You are all truly outstanding men and women who have made a very positive impact on your communities and on the nation since you have returned from Vietnam.
2. Your military service was impressive. But since you have returned to your homes you have all been a source of inspiration and a living example of meeting life's challenges. You are worthy representatives of the millions of veterans who have come home and resumed their places in America - working as civilians as you did as military men to make America great. Our veterans are enriching our nation in an endless variety of ways.
3. In this Bicentennial year, we ought to make a deliberate effort to tap the important resource of the American veteran - a resource which you six veterans so clearly represent. Recognizing and utilizing your experiences, training, and deep commitment and devotion to this nation is one of the few ways we can turn the bitter experiences of the recent war years into healthful fruits of peace and understanding among the American people.
4. Again - I am very proud of you - and I thank you all.
