**PRESIDENT'S MESSAGE**

As the Philadelphia Association for Retarded Citizens enters its 26th year of service to the mentally handicapped, we can look back with pride. We've worked. We've worked hard! And now all these years are culminating in our Silver Anniversary Humanitarian Awards Dinner.

We are deeply honored to have Mrs. Gerald R. Ford, the First Lady, as a recipient of an award at this event. Her gracious presence will serve to strengthen the forward movement in the mental retardation field, which we have been experiencing over the last few years. We are deeply indebted to her for her recognition of this great human problem.

But, over these many years of struggling, we are also deeply indebted to not only one woman — but to over one thousand women! For, as Mrs. Ford stands at the top of the Land, our PARC Aides stand at the top of the Philadelphia Association. Without their enthusiasm for fundraising and their dedication to helping the handicapped, many of the Philadelphia Association's accomplishments would not have been possible.

During our Silver Anniversary evening, we will also honor other people and organizations who have been faithful to the field of mental retardation — the Philadelphia JayCees, Unico, Ed Snider and the Flyers and the Barbarosa Charity Foundation. Many others deserve recognition but time would not permit — so we dedicate this momentous occasion for the Philadelphia Association to all the people, families, professionals and organizations who are dedicated to helping America's mentally retarded citizens.

To all of you — thank you.

PRESIDENT'S MESSAGE

*Work is love made visible  
 If it's only for a minute —  
 When the hand involved in service  
 Has the warmth of a heart within it.  
 The intangible bond that binds us  
 (Bound for goals for which we labor)  
 Is one of selfless service to others  
 Though stranger, friend or neighbor.*

It has been my esteemed privilege to have served as the leader, this year, of 700 pairs of hands such as those described by the poet Jan Smith. 700 PARC-Aides working together for the advancement of the retarded citizen through fund raising ventures such as this beautiful souvenir ad book. I would like to thank each and every one of you for making my term of office so rewarding, and for allowing me to represent you as your president

On behalf of all the PARC-Aides, let me extend to the Philadelphia Association of Retarded Citizens, congratulations on your Silver Anniversary. May the next twenty-five years be as fruitful and fulfilling as those that have gone before.

**EXECUTIVE DIRECTOR'S MESSAGE**

One day, in trying to organize the reams of paper on my desk, I realized I belonged to at least twenty organizations, as a representative of the Philadelphia Association for Retarded Citizens.

There was a time in the past when this was not so. PARC was an isolated fighter in the MR field. Agencies were competitive among themselves and jealously guarded their goals and successes.

Now — in 1975 — the event of our 25th Anniversary shows this immature attitude behind us. The Philadelphia Association has become a leader among leaders in the field and we have helped others come together to share knowledge, experience, new ideas, services and to work powerfully together to achieve mutual objectives. The mental retardation field celebrates with us the beginning of our second quarter century in a new age.

We look forward to broadening horizons of mutual cooperation and trust so we all may enlarge, improve and create new services to help mentally retarded citizens and their families live better lives.

**PRESIDENT'S MESSAGE**

These past two years as President of Eugene-Cohen PARC-AIDES #1 have been a very rewarding experience which will be cherished for a lifetime. I am very thankful to have been given the honor and privilege to have served as the Executive to such a dedicated and wonderful group of women. Without the efforts, cooperation and counseling of my Executive Board I never could have had two successful terms. My sincerest and heartfelt thanks to all who helped me.

I would like to take this opportunity to wish the incoming officers GOOD HEALTH AND SUCCESS for the coming year.

Thank you,

PRESIDENT'S MESSAGE

This year as President has been a rewarding experience in my life, but without the help of all the members of P.A.R.C. #3, this would not have been possible.

We are all working for a common goal, which is to bring a little light into the life of the Retarded Citizen for a brighter future. I hope that we can continue to do so in our small way for the coming years.

My most sincere thanks to all of you.

PRESIDENT'S MESSAGE

Our group of women have worked on many interesting, exciting projects in the last two years. Their cooperation and their enthusiasm have brought success in the raising of funds, and in the making of a more cohesive working group.

I want to thank the officers, the board members, and all the members for their unity of effort and consideration. These qualities have made the past two years very memorable and important to me.

The incoming officers, I'm sure, will have the continuity of service and dedication which we need to carry on this work for all mentally retarded citizens.

EDWARD KOFFS PARC-AIDES NO. 7

PRESIDENT'S MESSAGE

During my eighteen years as a member of Edward Koffs Parc-Aides No. 7, I have had many opportunities to assist in the work on behalf of retarded citizens. This year, as President, my opportunities to serve have been enlarged and expanded. That is not to say that the job was without its frustrations; nevertheless, I have a great sense of accomplishment over the year's many successful projects; also, much gratitude to my officers and members for their cooperation and support.

As we look forward to our nineteenth year as an auxiliary of P.A.R.C., we hope that our efforts will continue to improve the lot of every retarded citizen - No Less Precious.

What an honor it has been for me to serve my second term as President during the Philadelphia Association's "25th Anniversary" year. Their achievements over the years are rejoiced in all our hearts.

We of Nathan Rosenblatt, P.A.R.C. Aides #10 have also achieved many new goals with our group that have added a new zest to our dedicated work. Each year our members who work so well together, have a renewed surge of devotion in our endeavors to help Retarded Citizens.

Thank you so much to all my officers, who not only did their jobs well, but aided in many ways during the past two years. And to all the members of P.A.R.C. Aides #10 my deep gratitude to all of you for making our group "something special".

## Tour The Franklin Mint and The Franklin Mint Museum.

...see a world you've never seen before!

History, art and beauty come to life in sight and sound on a two hour Franklin Mint Tour. Because we mint more than medals. We mint works of art inspired by James Wyeth and Norman Rockwell, by Rembrandt and Michelangelo. We mint the excitement of an African Safari and the exhilaration of soaring birds. We mint America's revolution and its spirit of greatness. We mint masterpieces and moments in history, and transform them into enduring silver medals. Brilliant. Irresistibly beautiful. Works of art in their own right.

During your tour of the world's largest private mint, you'll see our museum with its Hall of Presidents, Gallery of Great Americans and its Shakespearean Corner.

You'll look inside the process of minting itself. See how bricks of silver are transformed into medals and ingots and plates and spoons. And for a magnificent finale, you'll experience a Slide and Sound Show that makes you feel like you're seeing and living and feeling history and art

as it happened. If you're six years old... or if you're past sixty, come see The Franklin Mint.

It's an educational experience. It's an invaluable experience. It's fun. And it's free.

### THE FRANKLIN MINT MUSEUM OF MEDALLIC ART

Open seven days a week. 9 to 5, Monday through Saturday. Sundays: noon to 5.

### THE FRANKLIN MINT TOUR

Monday through Friday, every half hour between 9 and 10:30 and 1 and 3:30. Group tours may be arranged by writing to The Franklin Mint Tour Office, Franklin Center, Pennsylvania 19091... or by calling (215) 459-6168.

**IN APPRECIATION**

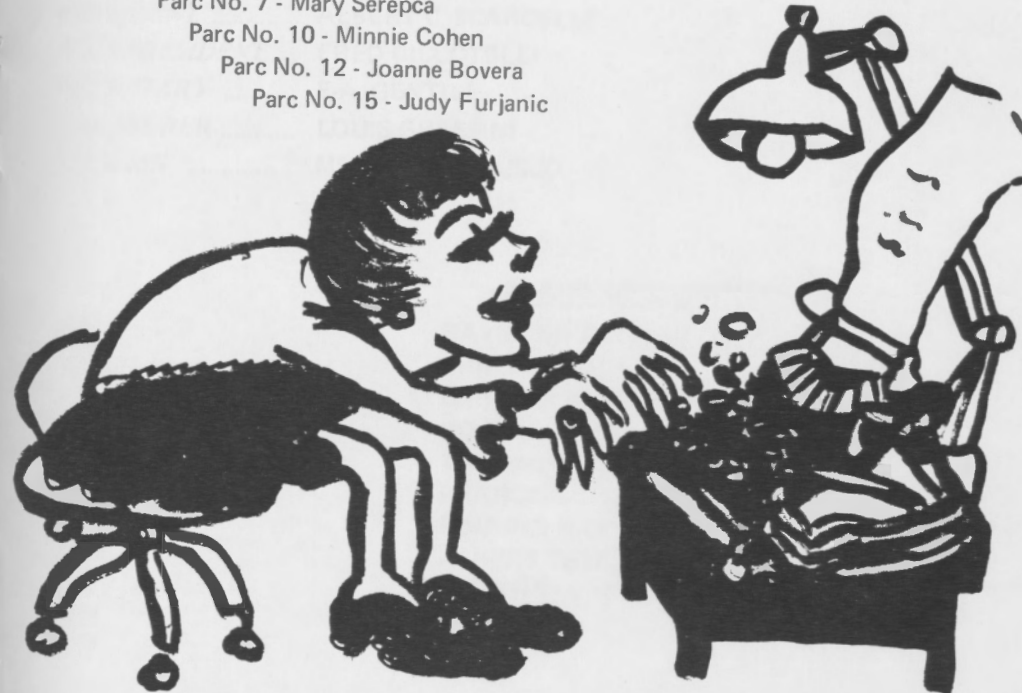

Our sincerest thanks to all our patrons and advertisers who so generously contributed to this 1975 Ad Journal. It is through their active interest and awareness of the problems of mental retardation that our fund raising goals can be achieved.

We want to express our gratitude to the chairman of each Parc-Aide Group who gave so freely of their time and energy. In addition, the efforts of each member who contributed to this Ad Journal has proven most important.

We feel privileged to have had the opportunity to participate in the celebration of PARC's 25th Anniversary in this manner.
