ANNUAL REPORT OF FEDERAL ADVISORY COMMITTEES

This is the third annual report to the Congress as required by the Federal Advisory Committee Act (Pub. L. 92-463). The report summarizes information "... on the activities, status, and changes in the composition of advisory committees in existence during..." calendar year 1974.

Advisory committees -- created by statute, Executive Order, or agency authority -- are a major source of advice and information for the Federal Government. Enactment of the Federal Advisory Committee Act, effective January 5, 1973, was symptomatic of a widespread concern that new committees should be formed only when essential, should be terminated when no longer needed, should be administered in accordance with uniform procedures, and that the Congress and the public should be kept informed of their functions and activities. The Act assigned responsibilities to meet those objectives to Congressional committees, the Library of Congress, the President, the Director of the Office of Management and Budget, and to the heads of agencies in the executive branch. The major documents for executive branch advisory committee management are included in this report as appendices A through D.

During calendar year 1974, 239 new committees were formed, and 299 committees expired or were terminated. In addition, 69 previously unreported existing committees are listed for the first time in this annual report and shown within parentheses in the summary data. There was a total of 1,242 committees (62 percent of which were created by statute) in existence at the end of the year, a decrease of eight from the number at the end of 1973. This total includes the 69 pre-existing committees and, therefore, reflects a more substantial net decrease in the number of committees. Earlier reports noted that the greatest numbers of committees were concentrated under the jurisdiction of 12 departments or agencies, each with more than 40 committees. In 1974, eight departments or agencies had more than 40 committees. The table below compares the numbers of committees for those departments and agencies for calendar years 1972, 1973, and 1974.

<u>Department/Agency</u>	<u>1972</u>	<u>1973</u>	<u>1974</u>
Health, Education, and Welfare	367	286	299
Agriculture	172	136	163
Interior	126	129	126
Defense	95	81	97
Commerce	76	41	72
Small Business Administration	66	66	67
Commission on Civil Rights	51	51	51
National Science Foundation	41	43	45

The Federal costs (as reported by the individual agencies) to operate and support advisory committees in 1974 were \$42,380,636. This included such items as salary, travel, and per diem allowances for committee members; staff support costs (including salary and other allowances for Federal employees supporting the committees); consultant's fees; and printing and supplies. The costs for individual committees varied widely, ranging from no Federal cost for some committees to more than one million dollars for others.

The Director of the Office of Management and Budget, as required by section 7(e) of the Act, recommends an amount of \$39.4 million as necessary for the expenses of advisory committees in calendar year 1975. This amount is incorporated in the appropriations requests in the President's budget recommendations to the Congress.

The table "Advisory Committee Summary Data for CY 1974," which follows this report, has been expanded from previous years to provide additional information; including the type of committees and the number of meetings. The detailed information required by section 6(c) of the Act is forwarded separately to the Congress and to the Library of Congress.

Members of the public desiring information concerning a specific committee may obtain it from the Library of Congress, or the Committee Management Officer of the agency responsible for the committee. This report provides the following listings to assist the public in finding out what it wants to know about advisory committees:

(1) All advisory committees, in existence at the end of calendar year 1974, in alphabetical order, with the agency responsible for the committee indicated;

(2) All advisory committees by agencies and departments, new, in existence, or terminated during CY 1974, in alphabetical order;

(3) Names, addresses, and telephone numbers of agency Committee Management Officers.

For information concerning advisory committees which cannot be obtained from the sources indicated above, contact the Committee Management Secretariat, Office of Management and Budget, Washington, D.C., 20503 (Telephone: (202) 395-5193).

ADVISORY COMMITTEE SUMMARY DATA FOR CY 1974

FOOTNOTES:

*Where they occur, differences between the 1973 and the 1974 current numbers result from changes in the reporting requirements. Existing committees reported for the first time this year are shown in parentheses and are not included in the new committee total.

- 1/ These Presidential Advisory Committees are included in the numbers below for those agencies having jurisdiction. This number may be affected by some legal decisions on whether certain committees are Presidential Advisory Committees.
- 2/ Former Federal Energy Office (FEO) committees were abolished (and in some cases established and abolished by FEO) and re-established under the new FEA. These figures have all been incorporated in this year's report to reflect that fact and to aid in correlating totals with last year's report.
- 3/ Thirteen subcommittees reported in 1973 were not chartered separately from the parent committee and are therefore not included in this year's report.
- 4/ Not shown in last year's report. Negative responses received this year.
- 5/ Atomic Energy Commission has been reorganized into a new Energy Research and Development Administration (ERDA) and into a new Nuclear Regulatory Commission (NRC). (Pub. L. 93-438 (Energy Reorganization Act of 1974).) Committees are being reported under AEC. However, the Committee Management Officers listed in this report for ERDA and NRC should be contacted for additional information relating to AEC committees.
- 6/ No cost to the U. S. Cost of \$75,000 funded by the self-supporting Federal Home Loan Bank System.
- 7/ One committee, "Comets and Asteroids Science Seminar," was inadvertently reported as terminated in last year's report as the "NASA Science Advisory Committee on Comets and Asteroids."
- 8/ In existence in CY 1973, but not reported.
- 9/ Federal Employee Pay Council was reported under U. S. Civil Service Commission in last year's report. The Director, OMB, and the Chairman, CSC, serve jointly as President's Agent for this council.
- 10/ Status under review. No report submitted.

An Act

86 STAT. 770

To authorize the establishment of a system governing the creation and operation of advisory committees in the executive branch of the Federal Government, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That this Act may be cited as the "Federal Advisory Committee Act".

Federal Advisory Committee Act.

FINDINGS AND PURPOSES

SEC. 2. (a) The Congress finds that there are numerous committees, boards, commissions, councils, and similar groups which have been established to advise officers and agencies in the executive branch of the Federal Government and that they are frequently a useful and beneficial means of furnishing expert advice, ideas, and diverse opinions to the Federal Government.

(b) The Congress further finds and declares that—

- (1) the need for many existing advisory committees has not been adequately reviewed;
- (2) new advisory committees should be established only when they are determined to be essential and their number should be kept to the minimum necessary;
- (3) advisory committees should be terminated when they are no longer carrying out the purposes for which they were established;
- (4) standards and uniform procedures should govern the establishment, operation, administration, and duration of advisory committees;
- (5) the Congress and the public should be kept informed with respect to the number, purpose, membership, activities, and cost of advisory committees; and
- (6) the function of advisory committees should be advisory only, and that all matters under their consideration should be determined, in accordance with law, by the official, agency, or officer involved.

DEFINITIONS

SEC. 3. For the purpose of this Act—

- (1) The term "Director" means the Director of the Office of Management and Budget.
- (2) The term "advisory committee" means any committee, board, commission, council, conference, panel, task force, or other similar group, or any subcommittee or other subgroup thereof (hereafter in this paragraph referred to as "committee"), which is—

- (A) established by statute or reorganization plan, or
 - (B) established or utilized by the President, or
 - (C) established or utilized by one or more agencies,
- in the interest of obtaining advice or recommendations for the President or one or more agencies or officers of the Federal Government, except that such term excludes (i) the Advisory Commission on Intergovernmental Relations, (ii) the Commission on Government Procurement, and (iii) any committee which is composed wholly of full-time officers or employees of the Federal Government.

(3) The term "agency" has the same meaning as in section 551(1) of title 5, United States Code.

(4) The term "Presidential advisory committee" means an advisory committee which advises the President.

APPLICABILITY

SEC. 4. (a) The provisions of this Act or of any rule, order, or regulation promulgated under this Act shall apply to each advisory committee except to the extent that any Act of Congress establishing any such advisory committee specifically provides otherwise.

Restrictions.

(b) Nothing in this Act shall be construed to apply to any advisory committee established or utilized by—

- (1) the Central Intelligence Agency; or
(2) the Federal Reserve System.

(c) Nothing in this Act shall be construed to apply to any local civic group whose primary function is that of rendering a public service with respect to a Federal program, or any State or local committee, council, board, commission, or similar group established to advise or make recommendations to State or local officials or agencies.

RESPONSIBILITIES OF CONGRESSIONAL COMMITTEES

Review.

SEC. 5. (a) In the exercise of its legislative review function, each standing committee of the Senate and the House of Representatives shall make a continuing review of the activities of each advisory committee under its jurisdiction to determine whether such advisory committee should be abolished or merged with any other advisory committee, whether the responsibilities of such advisory committee should be revised, and whether such advisory committee performs a necessary function not already being performed. Each such standing committee shall take appropriate action to obtain the enactment of legislation necessary to carry out the purpose of this subsection.

Guidelines.

(b) In considering legislation establishing, or authorizing the establishment of any advisory committee, each standing committee of the Senate and of the House of Representatives shall determine, and report such determination to the Senate or to the House of Representatives, as the case may be, whether the functions of the proposed advisory committee are being or could be performed by one or more agencies or by an advisory committee already in existence, or by enlarging the mandate of an existing advisory committee. Any such legislation shall—

- (1) contain a clearly defined purpose for the advisory committee;
(2) require the membership of the advisory committee to be fairly balanced in terms of the points of view represented and the functions to be performed by the advisory committee;
(3) contain appropriate provisions to assure that the advice and recommendations of the advisory committee will not be inappropriately influenced by the appointing authority or by any special interest, but will instead be the result of the advisory committee's independent judgment;
(4) contain provisions dealing with authorization of appropriations, the date for submission of reports (if any), the duration of the advisory committee, and the publication of reports and other materials, to the extent that the standing committee determines the provisions of section 10 of this Act to be inadequate; and

(5) contain provisions which will assure that the advisory committee will have adequate staff (either supplied by an agency or employed by it), will be provided adequate quarters, and will have funds available to meet its other necessary expenses.

(c) To the extent they are applicable, the guidelines set out in subsection (b) of this section shall be followed by the President, agency heads, or other Federal officials in creating an advisory committee.

RESPONSIBILITIES OF THE PRESIDENT

SEC. 6. (a) The President may delegate responsibility for evaluating and taking action, where appropriate, with respect to all public recommendations made to him by Presidential advisory committees.

Report to Congress.

(b) Within one year after a Presidential advisory committee has submitted a public report to the President, the President or his delegate shall make a report to the Congress stating either his proposals for action or his reasons for inaction, with respect to the recommendations contained in the public report.

Annual report to Congress.

(c) The President shall, not later than March 31 of each calendar year (after the year in which this Act is enacted), make an annual report to the Congress on the activities, status, and changes in the composition of advisory committees in existence during the preceding calendar year. The report shall contain the name of every advisory committee, the date of and authority for its creation, its termination date or the date it is to make a report, its functions, a reference to the reports it has submitted, a statement of whether it is an ad hoc or continuing body, the dates of its meetings, the names and occupations of its current members, and the total estimated annual cost to the United States to fund, service, supply, and maintain such committee. Such report shall include a list of those advisory committees abolished by the President, and in the case of advisory committees established by statute, a list of those advisory committees which the President recommends be abolished together with his reasons therefor. The President shall exclude from this report any information which, in his judgment, should be withheld for reasons of national security, and he shall include in such report a statement that such information is excluded.

Exclusion.

RESPONSIBILITIES OF THE DIRECTOR, OFFICE OF MANAGEMENT AND BUDGET

SEC. 7. (a) The Director shall establish and maintain within the Office of Management and Budget a Committee Management Secretariat, which shall be responsible for all matters relating to advisory committees.

Committee Management Secretariat. Establishment.

(b) The Director shall, immediately after the enactment of this Act, institute a comprehensive review of the activities and responsibilities of each advisory committee to determine—

Review.

- (1) whether such committee is carrying out its purpose;
(2) whether, consistent with the provisions of applicable statutes, the responsibilities assigned to it should be revised;
(3) whether it should be merged with other advisory committees; or
(4) whether it should be abolished.

The Director may from time to time request such information as he deems necessary to carry out his functions under this subsection. Upon the completion of the Director's review he shall make recommendations to the President and to either the agency head or the Congress with respect to action he believes should be taken. Thereafter, the Director shall carry out a similar review annually. Agency heads shall cooperate with the Director in making the reviews required by this subsection.

Recommendations to President and Congress.

Agency cooperation.

Performance guidelines.

(c) The Director shall prescribe administrative guidelines and management controls applicable to advisory committees, and, to the maximum extent feasible, provide advice, assistance, and guidance to advisory committees to improve their performance. In carrying out his functions under this subsection, the Director shall consider the recommendations of each agency head with respect to means of improving the performance of advisory committees whose duties are related to such agency.

Uniform pay guidelines.

(d) (1) The Director, after study and consultation with the Civil Service Commission, shall establish guidelines with respect to uniform fair rates of pay for comparable services of members, staffs, and consultants of advisory committees in a manner which gives appropriate recognition to the responsibilities and qualifications required and other relevant factors. Such regulations shall provide that—

(A) no member of any advisory committee or of the staff of any advisory committee shall receive compensation at a rate in excess of the rate specified for GS-18 of the General Schedule under section 5332 of title 5, United States Code; and

Travel expenses.

(B) such members, while engaged in the performance of their duties away from their homes or regular places of business, may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5, United States Code, for persons employed intermittently in the Government service.

80 Stat. 499;
83 Stat. 190.

(2) Nothing in this subsection shall prevent—

(A) an individual who (without regard to his service with an advisory committee) is a full-time employee of the United States, or
(B) an individual who immediately before his service with an advisory committee was such an employee, from receiving compensation at the rate at which he otherwise would be compensated (or was compensated) as a full-time employee of the United States.

Expense recommendations.

(e) The Director shall include in budget recommendations a summary of the amounts he deems necessary for the expenses of advisory committees, including the expenses for publication of reports where appropriate.

RESPONSIBILITIES OF AGENCY HEADS

SEC. 8. (a) Each agency head shall establish uniform administrative guidelines and management controls for advisory committees established by that agency, which shall be consistent with directives of the Director under section 7 and section 10. Each agency shall maintain systematic information on the nature, functions, and operations of each advisory committee within its jurisdiction.

Advisory Committee Management Control Officer, designation.

CIRCULAR NO. A-63
Revised

TO THE HEADS OF EXECUTIVE DEPARTMENTS AND ESTABLISHMENTS

SUBJECT: Advisory Committee Management

1. Purpose. This Circular provides guidance for implementation of the Federal Advisory Committee Act, Public Law No. 92-463, 5 U.S.C. App. I, (hereinafter referred to as the "Act") and Executive Order No. 11769, entitled "Advisory Committee Management."

2. Rescission. This Circular rescinds and supersedes the December 26, 1972 revision of Circular No. A-63 and the OMB/Department of Justice Memorandum on implementation of the Federal Advisory Committee Act (see 38 Fed. Reg. 2306 (1973)).

3. Policy. In the application of this Circular, these principles should be followed.

a. Advisory Committee meetings should be open to the public. Exceptions should be held to the minimum, carefully grounded in law and explained in detail. The emphasis should be on the free flow of information to the public.

b. Advisory committees should be limited to those that are essential. Any advisory committees which are not fulfilling their purposes should be terminated.

c. The recommendations of advisory committees should be considered by those who sought advice, while responsible Federal officers retain authority for decisions.

d. Standards and uniform procedures for the creation, operation, and duration of advisory committees should be established.

4. Definitions. For purposes of this Circular --

a. "Act" means the Federal Advisory Committee Act.

(No. A-63)

b. "Advisory Committee" has the meaning set forth in Section 3 of the Act.

5. Responsibilities.

a. The Office of Management and Budget (OMB). In general, the functions of the Director under the Act and under Executive Order 11769 shall be carried out by the Committee Management Secretariat of OMB.

b. Departments and agencies.

(1) The head of each agency which uses an advisory committee shall insure compliance with the Act and this Circular and shall issue regulations which apply to all advisory committees established or used by the agency.

(2) The head of each agency which uses an advisory committee shall designate an Advisory Committee Management Officer who shall carry out the functions specified in Section 8(b) of the Act and this Circular. The name of each Advisory Committee Management Officer shall be provided to the OMB Secretariat.

(3) Each agency shall maintain information on the nature, functions, and operations of each of its advisory committees. This shall include a complete set of the charters of the agency's advisory committees, and copies of the annual reports on its advisory committees in a single location.

6. Creation of advisory committees.

a. When an agency proposes to establish an advisory committee not specifically authorized by statute or by the President, the agency head must consult with the OMB Secretariat. Such "consultation" may be in the form of a letter from the agency head describing the nature and purpose of the proposed advisory committee, including an explanation of why the functions of the proposed committee could not be performed by the agency or by an existing committee. The letter, in addition, should describe the agency's plan to attain balanced membership on the proposed committee. If the OMB Secretariat is satisfied that establishment of the advisory committee would be in accord with the Act, the agency head shall certify in writing that creation of the advisory committee is in the public interest. This

(No. A-63)

certification and a description of the nature and purpose of the committee shall be published in the Federal Register at least 15 days prior to the filing of the committee's charter. The OMB Secretariat may, for good cause, authorize a shorter period of time between publication of the notice and the filing of the charter.

If not satisfied that establishment of the advisory committee would be in accordance with the Act, the OMB Secretariat shall inform the agency head in writing within 15 days of receipt of the agency letter.

b. Unless specifically provided otherwise by statute or Presidential directive, advisory committees shall be utilized solely for advisory functions.

c. (1) Each advisory committee shall file a charter complying with Section 9(c) of the Act. This requirement applies to committees "utilized" as advisory committees, though not established for that purpose.

(2) A copy of each charter shall be furnished to the Library of Congress at the time of filing. Copies should be sent to:

Library of Congress
Exchange and Gift Division
Federal Advisory Committee Desk

7. Termination and renewal of advisory committees.

a. Each nonstatutory advisory committee (i.e., not established by statute or reorganization plan) which is in existence on January 5, 1973, shall terminate no later than January 5, 1975, unless it is renewed by the President or the agency head prior to January 5, 1975.

Before such a committee can be renewed by an agency, the agency head must determine that renewal is necessary and shall inform the OMB Secretariat of his determination and the reasons for it not more than 60 days before the committee expires. If the Secretariat concurs, the agency head shall publish notice of the renewal in the Federal Register and shall file a new charter.

(No. A-63)

- 125 -

Any advisory committee which is renewed shall continue for not more than two years unless, prior to the expiration of that period, it is renewed. b. Each advisory committee established by statute or reorganization plan which is in existence on January 5, 1973, shall terminate by January 5, 1975, unless its duration is otherwise provided for by law.

8. Operation of advisory committees.

a. Calling of meetings.

(1) No advisory committee shall hold any meeting except at the call of or with the advance approval of the Federal official designated in accordance with Sec. 10(e) of the Act and this Circular. (See 8f below.)

(2) Except with respect to Presidential advisory committees, each meeting of an advisory committee shall be conducted in accordance with an agenda approved by the Federal official. The agenda shall list the matters to be considered at the meeting. It shall also indicate when any part of the meeting will concern matters within the exemptions of the Freedom of Information Act, 5 U.S.C. 552(b).

b. Notice of meetings.

(No. A-63)

(1) Except when the Director determines otherwise for reasons of national security, timely notice of each advisory committee meeting, whether open or closed to the public, shall be published in the Federal Register. In addition to the notice in the Federal Register, other forms of notice should be used, for example, press releases and notices by mail. Where practicable, agencies should maintain lists of people and organizations interested in particular advisory committees and notify them of meetings by mail.

(2) Such notice should state the name of the advisory committee, the time, place and purpose of the meeting (including where appropriate, a summary of the agenda). Notices ordinarily should state that meetings are open to the public, or, explain why any part is closed.

(3) Such notice should be published at least 15 days before the date of the meeting except that shorter notice may be provided in emergency situations, and the reasons for such emergency exceptions shall be made part of the meeting notice. Agencies should keep in mind the time the Federal Register needs to get notices into print, and plan accordingly.

(4) Notice is not required when the Director has determined that it should not be published for reasons of national security. Any agency advisory committee which seeks such a determination, shall submit its request and a statement of reasons to the Director at least 30 days before the meeting is scheduled.

c. Public participation. The agency head or, in the case of a Presidential advisory committee, the chairman of the committee shall, for any advisory committee meeting, all or part of which is open to the public, assure compliance with the following rules:

(2) The size of the meeting room shall be determined by such factors as the size of the committee, the number of members of the public who could reasonably be expected to attend, the number of persons who attended similar meetings in the past and the resources and facilities available.

(No. A-63)

(3) Any member of the public shall be permitted to file a written statement with the committee.

(4) Interested persons may be permitted by the committee chairman to speak at the meeting in accordance with procedures established by the committee.

d. Closed meetings.

(1) Section 10(d) of the Act states that the provisions concerning open meetings and public participation "shall not apply to any advisory committee meeting which the President, or the head of the agency to which the advisory committee reports, determines is concerned with matters listed in . . ." 5 U.S.C. 552(b), the exemptions of the Freedom of Information Act.

(2) An advisory committee which seeks to have all or part of a meeting closed on the basis of 5 U.S.C. 552(b) shall notify the agency head or, in the case of a Presidential advisory committee, the Director at least 30 days before the scheduled date of the meeting. The notification shall be in writing and shall specify all the reasons why any part of the meeting should be closed.

If the agency head or the Director finds the request to be warranted and in accordance with the policy of the Act, the request shall be granted. The determination of the agency head or the Director shall be in writing and shall state the specific reasons for closing all or part of the meeting. The determination itself shall be made available to the public on request. The agency head or the Director may delegate responsibility for making the above determinations. However, in any case where a determination to close a meeting is made by a delegate of the agency head, the determination should be reviewed by the agency General Counsel.

(3) When a meeting is closed, the advisory committee shall issue a report at least annually setting forth a summary of its activities and related matters which are informative to the public consistent with the policy of 5 U.S.C. 552(b). Notice of availability of such annual report shall be published in the Federal Register no later than 60 days after its completion. The notice shall include instructions which will allow the public access to the report.

(No. A-63)

e. Minutes. Detailed minutes shall be kept of each advisory committee meeting. The minutes shall include: the time and place of the meeting; a list of advisory committee members and staff and agency employees present at the meeting; a complete summary of matters discussed and conclusions reached; copies of all reports received, issued, or approved by the advisory committee; a description of the extent to which the meeting was open to the public; and a description of public participation, including a list of members of the public who presented oral or written statements and an estimate of the number of members of the public who attended the meeting.

The chairman of the advisory committee shall certify to the accuracy of the minutes.

f. Designated Federal employee.

(1) With regard to an advisory committee used by an agency, the agency head shall designate a Federal officer or employee as set forth in Section 10(e) of the Act and determine whether he is to chair or attend the meetings. With regard to Presidential advisory committees such officer or employee may be designated, and his role determined by the Director. Ordinarily, the designated Federal employee should serve on a continuing basis.

(2) No advisory committee shall conduct a meeting in the absence of the designated Federal employee.

(3) The designated Federal employee shall be authorized to adjourn any advisory committee meeting, whenever he determines adjournment to be in the public interest.

9. Reports on advisory committees.

a. The President has delegated, in Executive Order 11769, responsibility for preparation of the annual report required by Section 6(c) of the Act to the Administrator of General Services. The General Services Administration (GSA) will provide appropriate reporting instructions.

b. Two copies of each public report of each Presidential advisory committee shall be submitted to the OMB Committee Management Secretariat at the time of the submission to the President.

(No. A-63)

10. Comprehensive Review. The annual review required by Section 7(b) of the Act shall be conducted on a calendar-year basis. Agencies may schedule the review so that its results are incorporated in the annual report of advisory committees. The review should examine all advisory committees, and terminate those no longer useful. Advisory committees specifically created by statute or Executive Order should be reviewed, and if appropriate, their termination recommended. The comprehensive review should include, among other things, a summary of the total number of advisory committee meetings, the number of closed or partially closed meetings, and a recapitulation of the exemptions in the Freedom of Information Act used as a basis for closing meetings. The review should also comment in some detail on agency efforts and procedures to insure balanced membership on its advisory committees. The results of the comprehensive review should be included in the annual report to the Administrator of General Services.

11. Uniform pay guidelines.

a. Pay for members of an advisory committee.

(1) Subject to the provisions of this paragraph, an agency shall fix the pay of the members of an advisory committee to the daily equivalent of a rate of the General Schedule in 5 U.S.C. 5332 unless the members are appointed as consultants and compensated as provided in 11c below.

(2) In determining an appropriate rate of pay for the members of an advisory committee, an agency shall give consideration to the significance, scope, and technical complexity of the matters with which the advisory committee is concerned and the qualifications required of the members of the advisory committee.

(3) An agency may not fix the pay of the members of an advisory committee at a rate higher than the daily equivalent of the maximum rate for GS-15 unless the head of the agency has personally determined that, under the factors set forth in paragraph 11b(2), a higher rate of pay is justified and necessary. Such a determination must be reviewed by the head of the agency annually.

(No. A-63)

Such a determination must be reviewed by the head of the agency annually.

c. Pay for consultants to an advisory committee. An agency shall fix the pay of a consultant to an advisory committee after giving consideration to the qualifications required of the consultant and the significance, scope, and technical complexity of the work. CIRCULAR NO. A-63
Transmittal Memorandum No. 2

TO THE HEADS OF EXECUTIVE DEPARTMENTS AND AGENCIES

SUBJECT: Advisory Committee Management -- Annual Comprehensive Review of Committees

1. Purpose. This Transmittal Memorandum amends Section 10, Circular No. A-63, Revised, dated March 27, 1974. It provides instructions for the completion of the annual comprehensive review of advisory committees as required by Section 7(b) of P.L. 92-463. It also provides a reporting format and schedule necessary to fulfill the intent of the Act.

2. Background. Under the provisions of P.L. 92-463, Section 7(b), the Director of the Office of Management and Budget (OMB), with the cooperation of the agency heads, shall institute a comprehensive review of each advisory committee to determine whether:

- a. such committee is carrying out its purpose;
- b. consistent with the provisions of applicable statutes, the responsibilities assigned to it should be revised;
- c. it should be merged with other advisory committees; or
- d. it should be abolished.

In addition, agencies shall provide statements of justification where the Agency determines a committee should be continued.

Although OMB Bulletin No. 75-2, dated July 19, 1974, provides similar instructions for those advisory committees scheduled to terminate on January 5, 1975 (see Section 14 of the Act), the report required in this Transmittal Memorandum necessitates a separate report. This Transmittal Memorandum

(No. A-63)

provides continuing instructions for reporting on an annual basis.

3. Comprehensive Review. The comprehensive review is intended to include an objective analysis of the necessity for each advisory committee. The review should examine all advisory committees created by Agencies, and terminate those no longer needed. Advisory committees established by act of Congress or the President should be reviewed, and if appropriate, their termination recommended.

The head of each agency, or a senior policy official designated by him, should carefully review the data required by the attachment to this Transmittal Memorandum to assure that each committee's continued existence is necessary to the successful accomplishment of the agency's responsibilities. The head of the agency, or the senior policy official designated by him, should also be satisfied that the advice provided by each committee is utilized and is most effectively provided by the use of an advisory committee. Pertinent factors to be considered in the review include the following:

- a. the number of times the committee has met in the past year;
- b. the number of reports or recommendations submitted by the committee;
- c. an evaluation of the substance of the committee's reports or recommendations with regard to the agency's programs or operations;
- d. an evaluation of the history of agency utilization of the committee's recommendations in policy formulation; program planning; decision making; accomplishing program objectives more effectively; and achieving economies in programs; (This evaluation should place emphasis on the most recent 12 month period of the committee's work.)
- e. whether the information or recommendations could be obtained from sources within the agency or from another advisory committee already in existence.
- f. the degree of duplication of effort by the committee as compared to other parts of the agency or other advisory committees; and

(No. A-63)

- g. the estimated annual cost of the committee.

Agency heads may develop additional criteria as appropriate. The primary concern, however, should always be to assure that the number of advisory committees is limited to only those that are necessary to the conduct of the public's business.

4. Reports. As a result of the annual comprehensive review the following information is to be submitted by the date specified:

- a. Comprehensive Review, due November 30 of each year (see Exhibit I).

- b. Monthly reports -- In order that OMB's Committee Management Secretariat may be more currently informed regarding the status of all advisory committees covered by the Act, all agencies are requested to inform the Secretariat by letter of the termination or other significant changes with respect to their advisory committees no later than 10 working days following the end of the month in which the change occurred. If no changes are made during any given month, a report is not required.

5. Effective date. This Transmittal Memorandum is effective immediately.

6. Inquiries. Inquiries or requests for assistance should be directed to the Committee Management Secretariat, Office of Management and Budget, telephone 395-5193 (code 103).

The term "advisory committee" for the purposes of this report means any committee, council, or similar group having at least one public member that advises the President or agencies or officers of the Federal Government. A separate form will be completed for each chartered advisory subcommittee or other subgroup that meets the criteria for definition of an advisory committee. The data for each subgroup will be discrete and will not duplicate data for the parent committee.
