**MEMORANDUM FOR THE PRESIDENT**

Since I am not only from the South but am a Southern historian by profession and have written a fair amount about the New South, I get more and more requests to interpret the mood in that region and the Southern political style.

I don't claim to be an expert and what I know is "academic" not "political" but my first obligation is to you, and I wanted you to know that I stand ready to give you the benefit of whatever insights I have anytime you think they could be of use.
