RE: Speaker Materials

At the beginning of May regular mailings to our speakers were initiated that included National Right to Life Committee releases, newspaper and magazine reprints, new MCCL literature, sample talks, bibliographies, legal and legislative reports, etc. Since then, the pace of current developments and the increasing volume of published material has made it increasingly difficult to keep abreast of all Right to Life activities. This is especially true of outstate chapters. In order to provide adequate and current information for all primary MCCL spokesmen, these regular packets of special materials, previously sent only to speakers, are now being mailed to all members of the board of directors, area contacts, chapter chairmen and officers, organizers, and other interested persons.

It is hoped that these materials will be of maximum assistance both in formal presentations and in informal communications. Should you find, through your own reading, an item of value for everyone, do not hesitate to forward it to the office for duplication and mailing. Likewise please forward names of others who should be on this list.

If you know of additional ways to improve internal communication and coordination, the office would be happy to hear from you.
