PRESS RELEASE

PRESS RELEASE

The White House Historical Association was incorporated on November 3, 1961. Its primary purpose is to publish books relating to the White House for sale to its visitors and others and to schools, libraries, art galleries, etc.

Mr. David E. Finley, former Director, National Gallery of Art, and former Chairman, Fine Arts Commission, has served as the Association's Chairman since its founding.

With the National Geographic Society's public service assistance, the Association publishes The White House: An Historic Guide, The Presidents of the United States of America, and The Living White House. Mr. Finley stated that the Society's participation has enabled the Association to keep the unit prices of its color-illustrated books low.

Copies of the Association's fourth book, The First Ladies and Hostesses of the White House, are scheduled to be available in July 1975.

Examples of historic items acquired for the permanent White House Collection with funds provided by the Association are American period furnishings from the late 18th and early 19th centuries, American portraits, genre, landscape and seascape paintings, 19th century prints of the White House, lighting fixtures, porcelain and other decorative objects, and items with Presidential association.

The Association's assets, as of December 31, 1974, totaled \$453,182.05 including bank deposits of \$44,980.10; a time deposit of \$243,231.47 (to cover part of the cost of publishing new editions of 3 books and a new book in 1975); accounts receivable, \$14,653.04; book inventories, \$75,395.29; books in process, \$63,401.66; other inventory items, \$6,874.52; and equipment, \$4,645.97.

The Association's liabilities, as of December 31, 1974, totaled \$10,707.86 including contracts payable of \$6,873.46. Its resources, including accumulated net income during the 1962-1974 period totaled \$2,874,835.58. Its accumulated deductions during that period made up of donations to the White House totaled \$2,432,361.39. Its net resources, therefore, totaled \$453,182.05 for the 1962-1974 period.
