

SEPTEMBER 9, 1976

Office of the White House Press Secretary

NOTICE TO THE PRESS

The President today announced the appointment of Wallace N. Jibson, of Logan, Utah, as the United States Representative to the Bear River Commission. He succeeds Ernest O. Larson who resigned effective upon the appointment of a successor. Mr. Jibson has been Supervisory Hydrologist of the Water Resources Division, for the United States Geological Survey in Logan.

The purpose of the Commission is to enforce the provisions of a compact between the three states. The major provision of the compact is to remove the causes of the then controversy and all future controversy over the distribution and use of the waters of the Bear River.
