

December 16, 1976

Office of the White House Press Secretary

---

NOTICE TO THE PRESS

At 10:30 a.m. this morning the President will meet with members of the President's Committee on Science and Technology to discuss the 1978 R & D Budget.

Following that meeting, at 11:30 a.m. Dr. Guy Stever, the Director of the Office of Science and Technology Policy will be available in the White House Press Briefing Room to discuss some of the decisions made by the President in the area of scientific research and development.

Following the briefing by Dr. Stever, Mr. Nessen will be available with a couple announcements and be available for questions.
