ANN ARBOR, MICH.

Thurs.

Dear Freddy: Rather late in writing
but I must admit that I've
been catching up on my sleep,
and without sleep I can't
function so I was just forced
to spend some few moments
in bed.

Things have been extremely
dead here for the last week
or so, and for the life of me
I can't work up anything for
the next couple. You see
everyone is deeply engrossed in
their studies, in fact you'd
think we were Phi Beta, and
when some of our boys get

- 2 -

that idea we certainly wouldn't
dissuade them.

Played basketball in the Inter-
Fraternity League and we even
for not having done anything
physically strenuous for quite
some time, I was in fairly
good shape. We're getting in
shape for the Alpha Delt and
if we can't beat them we
can't get awfully tough. Of course
we wouldn't but stranger things
have happened.

How has Gr. Rapids been
lately? Without the college boys
and girls it must be somewhat
stagnated. Of course the moral
situation will be cleared up,
but I personally think the

ones home can take care of themselves.

My exam schedule came out today and the way it lines up prohibits me from getting home at all. In all my many years at this joint, never have I had a decent schedule.

I'm afraid I'd better stop getting late and I mustn't get behind in my sleep again!

Keep well & happy

Sincerely
Jerry
