Dear Ford:

While on the Coast you told me you were undecided in regard to playing professional football.

We plan on signing a center for the coming season and will pay you \$110.00 per game if you wish to join the "Packers". Our league schedule is not drafted but we usually play fourteen games. We pay in full after each contest and all players are paid whether they play or not and, naturally, all injured players are paid immediately after each game.

Will appreciate an early reply.

With kindest personal regards, I am

Sincerely,

..... *E. J. Lumb*
