

DELTA KAPPA EPSILON
1912 GEDDES AVENUE
ANN ARBOR, MICHIGAN

Friday

Dear Mother: Now please don't be over whelmed with this gesture. I'm writing you this because of Mother's day, it isn't going to be much more than an ordinary letter but it is to be your Mother's Day greeting from me. I'd like to send you flowers or candy or something but my financial condition is dreadfully insecure so this will have to do. I'd like to get home for this week-end but my school work is keeping my nose to the grindstone and I must not slip up now. It's too bad we can't have a Mother and Son's week-end, it would be nice, but the entertainment might be more difficult. While on that subject, what do you think of a "Mothers" get together or something like that every year or so. Not like the Legion Auxiliary, or the Old wives

club, but rather a little meeting of some kind to get to know each other, and maybe have a meeting down here every year before school opens to make suggestions and do little things to fix up the house. You perhaps wouldn't be affected right now, but maybe in another couple of years.

If I give you some information about the Father's coming, please let Dad know, will you? According to the program mapped out now there won't be much doing Friday night the 24th. However on Sat. the 25th we expect them all down here. And as early as possible, because the meet starts rather early. We've ordered 50 seat for the meet in the afternoon, and that night we'll probably have a smoker, with a fancy dinner on Sunday. Tell Dad to get in touch with Mr. Myers, Stale & Hubbard so they can all make it. We want a good turnout. Yuge Yuck Roy to come if he possibly can make it.

Have a fine time and maybe next year I'll be able to do something more for you

James
