

# White House Photographs

## August 27, 1974

This database was created by Library staff and indexes all photographs taken by the Ford White House photographers on this date. Use the search capabilities in your PDF reader to locate key words within this index. Please note that clicking on the link in the "Roll #" field will display a 200 dpi JPEG image of the contact sheet (1:1 images of the 35 mm negatives). Gerald Ford is always abbreviated "GRF" in the "Names" field. If the "Geographic" field is blank, the photo was taken within the White House complex. The date on the contact sheet image is the date the roll of film was processed, not the date the photographs were taken.

All photographs taken by the White House photographers are in the public domain and reproductions (600 dpi scans or photographic prints) of individual images may be purchased and used without copyright restriction. Please include the roll and frame numbers when contacting the Library staff about a specific photo (e.g., A1422-10).

To view photo listings for other dates, to learn more about this project or other Library holdings, or to contact an archivist, please visit the [White House Photographic Collection page](#)
