GERALD AND BETTY FORD SPECIAL MATERIALS **Collection: [1841, 1851] 1941-2007** **Audiovisual Materials Transferred from the Textual Collection**

Summary Description

This series consists of photographs transferred from the collection of letters, photographs, scrapbook materials, and books that were set apart by Gerald Ford, Betty Ford or their staff and deemed to have special value. Most of the materials were given to the Fords by world leaders, other presidents, politicians, celebrities, prominent individuals, and personal friends. Many of the photographs were drawn from twelve chronological scrapbooks dated from 1950 to 1975, depicting various significant events in the Ford Family's public and private lives. The series also contains six signed oversized photographs of notable figures such as former presidents Herbert Hoover, Franklin Delano Roosevelt, and Dwight D. Eisenhower. Other photographs were transferred from the Gerald Ford and Betty Ford Special Letters Files, accompanying correspondence from both world leaders and personal friends of the Ford family.
