

L. WILLIAM SEIDMAN FILES
 Audiovisual Materials Transferred from the Textual Collection

AV transfers from the L. William Seidman Files consist of photographs, slides, audiotape, film strips, a 33 1/3 rpm record and an audiocassette. The latter item was disposed of, due to a damaged head. The items are listed below, with a brief description. Bolded headings correspond to the box and folder in the Manuscript portion of the Seidman Files from which the materials were transferred. The record and film strip are shelved separately from the photographs.

Copyright for all items is not known; restrictions may exist on the use and reproduction of the materials. If copyright is known, it is denoted in [brackets] in the item description. Works prepared by U.S. Government employees as part of their official duties are in the public domain.
