

White House Photographic Office: Secretary of State Photographs

The Ford Library has no negatives and only a partially complete set of contact sheet prints of the photographs of Secretary of State Henry Kissinger's foreign trips taken by the White House photographers. Descriptions of the contact sheets owned by the Library appear below. Note: Photographs of Secretary of State Kissinger's trip to Africa in April-May 1976 are included in Series A: Ford White House Photographs, so the Library does have negatives for photographs from that trip.
